Rose Bowl. Michigan State and Illinois tied for the conference championship. The Spartans were named by Western Conference athletic directors who met in Chicago to decide the issue. (AP Wirephoto)

Colleges Apply Pressure To Get More GI Funds

WASHINGTON (AP)—Rep. Teague (D-Tex.) said today "dollars and cents pressure" on schools may force Congress next year to change the education provisions of the GI benefit law.

"I am convinced the taxpayer is getting a better break under the present law," Teague said in an interview, "but pressure for a change is building up."

The pressure, he said, is coming from private colleges and universities whose veterans enrollment is lagging and who feel an economic pinch.

Fees Not Separated

He said Rep. Springer (R-Ill.) stands a good chance of winning sufficient support for passage of his bill to separate tuition fees from subsistence payments to Korea veterans eligible for college training.

Under a benefit law passed in 1952, veterans of the Korean War are paid lump sums to cover their subsistence and tuition fees. Previously, World War II veterans were paid subsistence funds, but tuition fees went directly to the school.

Springer made an unsuccessful effort to get the separate payment provision in the present law. He proposes that the schools get \$30 a month for each veteran enrolled and attending classes.

Aimed At Frauds

But Teague, senior Democrat on the House Veterans Affairs Committee, fought this when he steered the Korea GI bill to passage. The Texas had headed a special House committee which investigated the World War II veterans educational program and disclosed many expensive abuses. The new act was designed to wipe out extravagance and fraud.

Teague said a group of private colleges "feel they are being discriminated against because they are not getting as many GIs under the present law as they did under the old law."

"But the law was passed for the benefit of the veterans, not the colleges and universities," he said.

He said in the years after World War II private colleges had a 64-36 percentage edge in enrollment over public colleges, but now the public schools have about a 53-47 margin and the private institutions "want to get back the big edge."

Liquor Stores Find It Pays To Stay Open Late For Sportsmen

LANSING (AP)—State liquor stores have found it profitable to stay open late to cater to outdoorsmen, so special evening hours are planned for next spring's trout and bass season openings.

George J. Burke, chairman of the State Liquor Control Commission, said the state sold an estimated \$3,000 worth of liquor by keeping the Gaylord, Grayling, Houghton Lake and Tawas City stores open an extra three hours Friday and Saturday evening before the deer season.

Cosmetology Board Secretary Accused Of Irregularities

LANSING (AP)—Atty. Gen. Frank G. Millard today recommended to Gov. Williams the removal of Mrs. Evelyn Hickman of Flint, the secretary of the State Board of Cosmetology for expense account irregularities and other improprieties in office.

Millard said he was turning over to the Ingham County prosecutor the results of his five-week investigation of the cosmetology board for possible criminal action.

Republican Crusade Ridiculed In Speech By Adlai Stevenson

ATLANTA (AP)—Former Gov. Adlai Stevenson of Illinois, titular head of the Democratic party, today blasted the "Republican program" of "indictment by suspicion, of conviction by accusation."

"Gen. Eisenhower promised the people a new morality, but his lieutenants have chosen their weapons without regard for their effect," Stevenson declared. "They have taken McCarthyism away from McCarthy. What an end to the great crusade!"

Nobody Wins

The Democratic presidential nominee of 1952, in a speech for delivery before the Georgia Legislature, advocated disclosing the mistakes and failures of the past and rooting out agents of communism.

"But for the love of heaven," he pleaded, "let us do it with dignity, objectivity and justice, and with some better motive than partisan strife that can only seriously weaken the United States."

"No one wins this way. Suspicion of past Democratic mistakes is balanced by suspicion of present Republican motives. The people are confused, confidence in both parties undermined, the nation injured."

"The issue isn't which party detests communism most, but how to deal with the serious problem of espionage in our government. And it won't be resolved to the nation's advantage by shouting matches and degrading circus of political profit."

Tribute To Truman

Stevenson referred to former President Truman as the individual "who has done more than any living man to check the forward thrust of communism," and he rapped those whose "words improved" position of minority groups, particularly the Negro, he called progress in the South "even more conspicuous than that in the North."

"I believe, and I think in common with the great majority of thoughtful white people of the

Congress Won't Pass Sales Tax

WASHINGTON (AP)—House Speaker Joseph W. Martin (R-Mass.) appeared today to have delivered a final, fatal blow against any prospect that Congress would enact a general sales tax next year.

Martin, returning from a two-month tour abroad, told a news conference Monday he doubts a sales tax could pass the House.

That made it just about unanimous among House leaders on both sides of the aisle.

Democratic leaders, after a canvass of sentiment, predicted last week that 95 per cent of their party members would vote against any national sales tax. And Republican Floor Leader Charles Halleck (R-Ind.) joined the anti-sales tax forces over the weekend.

Representatives Jere Cooper of Tennessee and Daniel Reed of New York—the senior Democrat and senior Republican, respectively, on the tax-writing House Ways and Means Committee—also have opposed the idea.

Secretary of the Treasury Humphrey has said he is considering a general manufacturers' sales or excise tax, along with other proposals. President Eisenhower has spoken out against a federal retail sales tax but left the door open to manufacturers' level tax.

South," he continued, "that this improvement must and will continue."

He said that to keep the promises made by the Republican party in 1952 "would have been about as easy as for one Siamese twin to jump off the Brooklyn Bridge while the other kept the skillet hot for the fish fry."

Democrats Optimistic

And he claimed that on two thirds of the key issues in the last session, Democrats saved the Republican administration from the Republican Congress.

"The attitude of many Republican leaders seems to be 'I like Ike, but I don't like what Ike likes,'" he remarked.

Stevenson asserted that his party "looks more united than it has for a long time."

"Until lately the dopesters were freely predicting that the North-South cleavage would pull the Democratic party apart at the seams," he said. "We lost an election in 1952, but we did not lose our vitality or sense of mission. And the sheep that strayed are daily coming back into the fold."

Eisenhower Cites Code Of Old West, Gets League Medal

WASHINGTON (AP)—President Eisenhower, starting a Thanksgiving holiday today, says no one can "assassinate your character from behind without suffering the penalties an outraged citizenry will impose."

That was the code of the Old West where he grew up and it is a code Americans still cherish, the President declared Monday night in accepting the B'nai B'rith Annual Defamation League's annual Democratic Legacy Award.

Monday night at the Mayflower Hotel the President received a standing ovation when Henry E. Schultz, chairman of the Anti-Defamation League of B'nai B'rith, a Jewish service organization, handed him the league's silver medalion award.

Foe Of Discrimination

Schultz praised Eisenhower for "leadership in the great crusade to bring about the elimination of Nazi tyranny . . . for your vigorous campaign to eliminate racial segregation in the armed forces; for your efforts to end democratic patterns of racial discrimination in Washington, our capital city."

"But most of all, said Schultz, 'we honor you for your continuing leadership of the free world.'"

Eisenhower replied in an informal, televised address that he had been briefed at length by his staff on civil liberties and the league's role in standing up for them. But he said he wasn't going to talk to the league members "about something of which they know a lot more than I do."

No Names Mentioned

Then he noted he was reared "in the West" in Abilene, Kan. "We had as our marshal for a long time a man named Wild Bill Hickok," he said. "If you don't know anything about him, read your Westerns more."

"Now that town had a code, and I was raised as a boy to prize that code."

"It was: meet anyone face to face with whom you disagree. You could not sneak up on him from

Red Unmaskers Hope To Bypass 5th Amendment

By JAMES MARLOW

WASHINGTON (AP)—Atty. Gen. Brownell obviously hopes that by getting around the Fifth Amendment the government will have better luck unmasking Communists and prosecuting alleged Soviet spies.

He's asking Congress for a law promising some witnesses in certain cases they will never be prosecuted in Federal Court for any federal crime they confess to congressional committees or grand juries.

Committee Stymied

This is his attempt to make witnesses talk. Once promised immunity against prosecution under Brownell's proposal, they could be jailed for contempt if they still refused to open up.

Even though a witness were promised immunity from trial in Federal Court for a federal crime, if in his testimony he admitted violating a state law he could be prosecuted in a state court.

The government and congressional committees have been stymied in their efforts to dig into communism and alleged spy rings by men and women who have taken refuge behind the Constitution's Fifth Amendment.

That amendment says no witness in a criminal case can be compelled to give evidence against himself, that is, saying anything which might land him in jail. A person using this excuse for refusing to answer questions can't be jailed for contempt.

Communism No Crime

Long ago, realizing the Fifth Amendment could be used to frustrate investigations, Congress passed a law which said no witness before a committee can ever be prosecuted in Federal Court for what he says.

But the government could use his words as leads to evidence and perhaps witnesses against him and

Canadian Legislator Charges Blackmail In U. S. Spy Inquiry

WASHINGTON (AP)—Senate investigators today pondered FBI summaries of alleged Soviet espionage while, in an offshoot to the Harry Dexter White case, Sen. McCarthy (R-Wis.) prepared a radio-TV reply to former President Truman's blast at "McCarthyism."

New fuel was added to the case, already smoking with political charges and countercharges, when:

1. A Canadian member of Parliament charged in the House of Commons Monday that "McCarthyites" in the United States are trying to "blackmail" Canada into releasing Igor Gouzenko for questioning.

2. The Senate internal security subcommittee disclosed Monday that the White House sought and got FBI data on Harold E. Glasser, an alleged Soviet spy, a month before Glasser's 1946 promotion in the Treasury Department.

Charge Denied

The charge of blackmail came from David Croll, a member of the Liberal party, which dominates the Canadian government. He said President Eisenhower should repudiate what he described as attacks on Canadian Foreign Minister Lester B. Pearson.

Croll charged that Pearson may be named by the Senate subcommittee as one of several Canadians accused of supplying information

to Communists during World War II.

Robert Morris, subcommittee counsel, quickly said, "No such thing is contemplated."

Pearson, who made a speech in New York last night, declined comment on the charge.

Pearson said he may reply today or Wednesday to the subcommittee's second request—he turned down the first—for permission to question Gouzenko. The onetime code clerk, who bolted the Russian Embassy at Ottawa in 1945 and exposed a Soviet spy ring in Canada, is living in Canada under police protection.

Gouzenko reportedly has said he

DOUBLES SOUND SPEED—Scott Crossfield, 32-year-old test pilot for the National Advisory Committee for Aeronautics, smashed his own existing speed record of 1272 mph by flying the Douglas Skyrocket at an unofficial speed of 1327 mph or 2.01 times the speed of sound. (NEA Telephoto)

Fiscal Burdens Of Past Delay Tax Reductions

By HOLLEN HYNDMAN

CHICAGO (AP)—Secretary of the Treasury Humphrey says the Republican administration is working towards a national security based on "a sturdy defense supported by a sound economy."

At a \$100-a-plate Republican dinner Monday night, Humphrey shared the rostrum with another cabinet member, Mrs. Oveta Culp Hobby, secretary of health, education and welfare.

"Our concern for our economy is nothing less than our concern for the first line of defense for every freedom that we cherish," Humphrey said.

Peace Ranks First

Mrs. Hobby told the 1,650 persons attending the dinner in the Palmer House that "peace in Korea" ranks first among accomplishments of the Eisenhower administration.

Humphrey said the Republicans' economic policies are "speeding the day" of tax reductions. But he said these reductions can come only as spending drops.

He said the present administration is dealing with "crippling burdens inherited from the previous administration" in "the fiscal and economic field."

Two of these, he said, were that the public debt "practically at the limit of 275 billion dollars" had been "badly managed by the Democrats and that no money had been provided to pay for 81 billion dollars in defense orders to be delivered this year and during the next two years."

Credit Crimped

Nearly three-fourths of the public debt, Humphrey said, "matures within less than five years or is redeemable at the holders option with too large a proportion in the hands of banks rather than distributed to long term investors."

"Both of these conditions were deliberately planned by our predecessors and affect the supply of credit."

Mrs. Hobby said "we are still far from our ultimate goal of a lasting peace, to be sure. But we have taken a long step toward it by bringing to an end the frustrating, bloody fight in Korea."

She said she believed other top 10 accomplishments of the Eisenhower administration are: a unified foreign policy; reorganization of the Defense Department; a more effective security program; restoration of honesty and integrity to government; enlisting "the aid of many devoted Americans" to work for the government; bringing about the foundations for sound economic growth; increased efficiency and economy in government; and creation of the Department of Health, Education and Welfare.

The Illinois Republicans netted more than \$156,000 on the dinner with the funds expected to be used in the 1954 congressional election.

Premier Nominated

JERUSALEM (AP)—Israel's largest party, the Mafai (Labor), has nominated Foreign Minister Moshe Sharet as premier-designate. If approved, the 57-year-old Sharet will succeed David Ben-Gurion, who is retiring next month.

Insurance Broker Balks At Quiz On Teamsters Fund

DETROIT (AP)—Rep. Wint Smith (R-Kan.) said his House labor and education subcommittee is considering taking contempt action against the son of a Chicago unionist who Monday refused to answer committee questions, citing the Fifth Amendment.

Allen Dorfman, a Chicago insurance broker, under advice from his attorney refused to answer questions pertaining to \$100,000 in checks endorsed by him, but not entered on his company's books.

Party Is Inducement

Dorfman is the son of Paul Dorfman, AFL Teamsters Union official, who was mentioned in testimony Monday as having attended parties given to induce teamsters officers to invest union funds in a New York insurance company.

Dorfman also is a partner in the Union Insurance Agency of Illinois which is reportedly handling seven million dollars worth of business a year in teamsters health and welfare insurance.

The subcommittee is holding hearings in Detroit to determine if there has been a misuse of the union's insurance funds.

Government counsel William McKenna introduced evidence which he claims proves the checks for the questioned \$100,000 were received by Dorfman. In answer to questions whether the sum had gone to James R. Hoffa, an inter-

national vice-president, Dorfman referred to the Fifth Amendment.

His attorney, Stanford Clinton of Chicago, said that the reference to the amendment was not an indication of wrong doing. He said that his client's income is currently under investigation by the FBI and for that reason, he refused to answer.

Earlier Dorfman's secretary had testified that checks received in the normal course of business were endorsed with the agency's stamp.

McKenna claimed that the checks came from the United

Tear Gas Traps Flint Gun-Toter

FLINT (AP)—Police Monday night blasted Gregory E. Murray, 52, with tear gas from his home in a well-to-do section of Flint.

Murray, a foreman of the Buick Motor Division, was held today on suspicion of threat to kill, after his wife told police he had entered a neighbor's home with a gun and told her to come home at once or he would "rub her out."

Mrs. Murray refused to go and Murray went back to his house and barricaded himself in while Mrs. Murray phoned police.

Murray shouted from an upstairs window that he would never give himself up alive. Officers below immediately shot out adjacent street lights so they would not be good targets.

After Murray had been forced out, Mrs. Murray told police they had been arguing. She said he objected to her going to a doctor and even threatened to kill the doctor.

Mother And Five Children Burned

JOHNSTOWN, Pa. (AP)—A mother and five children burned to death today in a fire which swept a four-family apartment house.

Three other children escaped—one suffering minor burns. Two other families in the frame building also fled without injury. A fourth family was not at home.

Det. Sgt. Stephen Harris identified the dead as:

Mrs. Evelyn Sullivan, 32, and her children, Mattie Ruth, 9, Wayne Howard, 5, Eugene, 3, Beverly Ann, 18 months, and Barbara, four weeks.

James 13, and Mary Evelyn, escaped without injury. Robert, 7, suffered burns of the hands and face.

Andrew Sullivan, the father, was told his house was afire when he reported for work at a nearby coke yard.

Cause of the blaze was not immediately determined.

Lady Cop Dropped

PITTSBURGH (AP)—Mrs. Adessa Williams, 26-year-old lady cop, is under suspension today on a charge of shoplifting.

Asst. Police Supt. Adam Geisler ordered the suspension pending a police trial board hearing.

TODAY'S CHUCKLE

The speaker at a big rally thundered, "You are living under the highest tax load in our history." A bewildered taxpayer in the rear asked: "This is living?"

Rotarians Hear Robert Barron

The importance of understanding between employees and employers to assure successful industrial operations was stressed by Robert Barron, assistant personnel director, Escanaba Paper Company, in a talk yesterday noon to the Escanaba Rotary Club.

With the assistance of supervisors, and as the result of management conferences, employees are informed of production problems and the cooperative role required to solve them for the benefit of both employer and employee, Barron said.

"Employees come to understand the need for cooperation, since security in their jobs rests in the solution of production problems," Barron explained.

Today's employees are different than were those of 30 years ago, he said. Today the men are better informed, better educated, and have a good understanding of their part in operations of the plant and are better satisfied in their jobs.

"The employees, the operators and the mechanics, are the right arm of industry," Barron pointed out. "It is the responsibility of management to gain the cooperation of all of our workers by fair treatment and understanding."

Barron was introduced by the Rev. Joseph Dickson, member of the Escanaba Rotary Club's program committee.

Personals

Mr. and Mrs. Thomas McCrory left Sunday night for their home in Milwaukee after a week's stay here. Mrs. McCrory visited at the home of her parents, Mr. and Mrs. Frank Winchester, at Wells while Mr. McCrory was hunting.

Mrs. Wilfred Morin today returned to Worcester, Mass., after visiting over the weekend with her three aunts, Ida Pearson, Helen Gustafson and Mrs. Peter Johnson, 324 S. 7th St.

Mrs. William Bero returned today to Two Rivers, Wis., after attending the funeral of Allen Tweedy. Mrs. Bero remained here several days when a brother, Al Fleming, also of Two Rivers, became ill. He is a patient at St. Francis Hospital.

Mr. and Mrs. John Jorgensen, 625 S. 14th St., left today for Skokie, Ill., where they will spend the Thanksgiving holiday with their son-in-law and daughter Mr. and Mrs. Robert Ratcliffe, and family.

Paul Grebner left today for Rockford, Ill., after spending the past seven weeks with his aunt, Sister M. Salesia, at St. Francis Hospital.

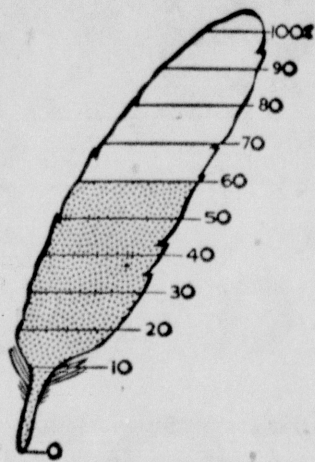

Mrs. R. B. Mitchell Jr., 1711 Lake Shore Drive, and Mrs. Oliver C. Fuller, 1402 11th Ave. S., left today for Milwaukee. They will return Wednesday.

Miss Sirkka Saarelainen and her parents, Mr. and Mrs. S. F. Leisola, 1023 6th Ave. S., Miss Anita Kotila, 820 Sheridan Road, and Miss Hilma Asikainen, 110 S. 12th St., attended the concert presented by the Helsinki University Chorus of Helsinki, Finland. It was held at Marquette in the Northern Michigan College of Education Auditorium last night.

Mr. and Mrs. Roger J. Schultz, 508 S. 7th St., Mr. and Mrs. Jack Sprague, 1209 S. 15th St., and Mr. and Mrs. Robert Rose, Gladstone Rte. 1, attended the Helsinki University Chorus concert last evening at Marquette. Others attending the concert were Mrs. M. H. Garrard Jr., 1106 7th Ave. S.; Mrs. Clarence Moore, 412 1st Ave. S.; Mrs. Stanley Ostman, 1204 8th Ave. S., and Mrs. Leonard Olson, 409 S. 15th St.

Still Short!

KEEP IT CLIMBING—A tabulation of returns received thus far at the Delta County Community Chest campaign headquarters yesterday revealed that \$11,855.72 has been collected to date. This represents approximately 60 per cent of the goal of \$20,000, the amount required to finance the work of six welfare agencies in 1954. William E. Anderson, chairman of the county drive, asserted that the campaign, hampered by a late start and by deer season, will be continued toward the goal of \$20,000.

Average Weather In Next Five Days

Temperatures throughout Michigan and in the territory surrounding Lakes Huron, Michigan and Superior will average near normal for the five days ending Sunday night, according to a prediction from the Chicago office of the United States Weather Bureau received by Emil Ellington, weather bureau meteorologist here.

Ellington said average temperatures for the Escanaba area at this time of year are a daytime high of 35 and a nighttime low of 23. The prediction also forecast it would be rather cold Wednesday and Thursday, warmer Friday, and colder again over the weekend. Predicted were snow flurries tonight, Wednesday and Thursday, and rain or snow Friday or Saturday.

Precipitation in the Michigan and lakes area will average about 30/100 inch in the five-day period, the bulletin from Chicago forecast.

Township Students In Spelling Contest

Sixth grade students from eight townships will participate in a spelling contest Friday evening at 8:30 at Barron's Mill, Flat Rock. The contestants are Bernice Solis, Flat Rock; Martha Hackenbruch, Perkins; Joyce Stonecliff, Danforth; Judy LaRose, Rapid River; Marvin Ranta, Rock; Reid Johnston, Ensign; Windell Blixt, Cornell; and Dennis Rajala, Kipling.

Wallace Cameron, Gladstone, will conduct the contest and Leo Brunelle, Bark River, and Walter Peters, Rapid River, will be the judges.

included Miss Ruth Ahlquist, 520 S. 16th St.; Miss Anona Anderson, 703 S. 16th St.; Mrs. John Molin, 912 S. 18th St., and Mrs. Harold Crebo, 1409 5th Ave. S. Mrs. Joseph Gleich, 426 S. 9th St., has returned from Ontonagon where she has been visiting her son, Dr. Gordon Gleich, and members of his family.

Expect Decision Soon On Motor Rebuilders Future

A decision will be made soon on whether Northern Motor Rebuilders will remain in Escanaba, H. J. Norton, owner, said today.

"There are so many factors involved that it is hard to make a decision. In fact it is one of the most difficult decisions we have ever faced," said the owner of the industry that was hard hit by fire on Armistice Day, Nov. 11.

The early-morning fire badly damaged the city-owned industrial building at 800 First Ave. N., and damaged Northern Motor Rebuilders machinery and equipment.

Seventy-five men were thrown out of work because of the fire.

City Ready With Bids

Escanaba City Council has pledged its cooperation in restoring the building for use by the industry as rapidly as possible. To this end it has made estimates for repairs and taken bids for materials and equipment.

The Council will meet at 2 p. m., tomorrow in special session at City Hall to open bids for furnishing all materials and labor to reconstruct and to repair the fire-damaged building.

Earlier the Council tabled action on bids for timbers needed to rebuild the damaged sections of the roof until a decision had been reached by Northern Motor Rebuilders.

The city owns the building on a site leased from the C&NW Railway, and leases the building to Motor Rebuilders as part of a program of industrial encouragement.

In Business 15 Years

Last summer Northern Motor Rebuilders, with assistance of the city, moved from a city-owned building on Stephenson Avenue to the brick building at 800 First Ave. N.

Operations of Motor Rebuilders was expanded at that time and about 25 additional employees were hired. Northern Motor Rebuilders first began operations here 15 years ago.

With the recent expansion Motor Rebuilders was serving a district comprising the states of Wisconsin, Illinois and the Upper Peninsula.

It has the Ford Motor Company franchise for rebuilding motors and reconditioning small parts for dealers in the entire district.

The City Council, the Escanaba Industrial Foundation and the Chamber of Commerce have expressed a cooperative interest in the future of the Motor Rebuilders industry here.

Parolee Hired As Camp Cook Sought On Larceny Charge

NEWBERRY — A Marquette prison parolee, Ray Bailey, made off with carload of stolen hunting camp goods after being hired as camp cook, Michigan State Police were informed Saturday.

Bailey, who is wanted in Marquette for forgery also is known as Larry McPhail and "Red" 198. He is six foot three, about 180 pounds, has brown eyes, auburn hair and a ruddy complexion. He sports a reddish mustache, police were told.

The hunters all from Detroit included: Police Sergeant, Arthur Blum, Emory C. Wilson and Leonard Walsh, hunting at a camp near Slater's Landing on the Tahquamenon River.

The Detroit men went hunting about 9 a. m. Saturday, and returned to camp about noon, to find a note tacked on the cabin door "gone hunting." However when they entered the cabin a pair of shoes were missing.

Further investigation determined that money and other property were also gone.

The hunters decided to notify police, but when efforts to start an outboard motor to go to the area where the car was parked, the tank was filled with water. On arrival at the place where the car should have been they learned it had also been taken by the cook.

The car bearing the license BW-40-17 is believed to contain the following stolen goods; a .22

Mrs. Lucy Wintel Taken By Death

Mrs. Lucy Wintel, 82, widow of the late Leo H. Wintel (retired Soo Line engineer), former Gladstone resident, died at Bay City yesterday where she had been making her home with an only sister, Mrs. Almeda Sargent.

Born Jan. 9, 1871 in New York City, Mrs. Wintel resided at Gladstone many years. The couple lived at 811 Wisconsin Ave. until Mr. Wintel's death Sept. 4, 1948. Mrs. Wintel then went to Lower Michigan. She was a member of All Saints' Church.

The body will be brought to Gladstone Thursday and will be taken to the Skradski Funeral Home where funeral services are tentatively set for Saturday morning at All Saints' Church. Burial will be made in Fernwood Cemetery.

The rosary will be recited Friday at 8 p. m.

Water Conserved

NEW YORK (AP)—With New York City's reservoirs down to 45 per cent of capacity, Water Commissioner Dominick Paduano has asked citizens to conserve supplies. It was the first such appeal since 1949-50, when the reservoirs fell to 33 per cent of capacity.

Luger pistol, a .32 carbine, an 8-millimeter movie camera, two quarts of whiskey, a pair of tan oxfords, a red hunting cap, and Sgt. Blum's billfold with \$35, and \$20 belonging to Walsh.

Police have issued a warrant charging Bailey with car theft and grand larceny.

Upper Peninsula Briefs

DETOUR — Dear Hunter Boyd Shaffner, of Freeland, Mich., knows now a man can have too darned much hunting equipment. Early Sunday, accompanied by his brother, Kline, a University of Maryland professor, and his brother-in-law, Ernest Smith, of Saginaw, Boyd Shaffner, drove to the area of his choice, and began to break out his hunting equipment. Then his optimism changed to darkest gloom. Somehow his artillery had been shuffled. The case he had carried up from Freeland, which always — well, ALMOST always — contains his deer rifle, contained only his .22.

CALUMET — A native of Calumet, William H. Teto, an undercover FBI agent while a member of the Communist Party since 1941, told the Senate Investigations Sub-committee Thursday that there were Communist cells in General Electric plants at Fitchburg, Lynn and Everett, Mass., and Schenectady, N. Y. Teto is a Fitchburg upholsterer.

IRON RIVER — The noisy racket of multi-engined aircraft has been the uncommon sound over the area in recent days. The ships are four-motored B-29 bombers on training flights out of the military airport at Duluth. But the ships could not be seen the first day because of fog and west sideers became alarmed that a plane might be in distress. They telephoned Ed Nasser Jr., of the Stambaugh airport who called Civil Aeronautics Authority at

Wausau, Wis. to learn the identity was friend, not foe.

HOUGHTON — A residence at 1211 Ruby avenue in Houghton, owned by August Rentmaster of Hancock and occupied by Sgt. David Cater of the Air Force Radar station in Keweenaw county, and family, was destroyed by fire early Saturday morning. The Caters, who fled from their home scantily clad in night clothing, lost most of their personal belongings and furniture.

CRYSTAL FALLS — Vernon Hardy, 65, of Crystal Falls, failed to answer a "ready" call when a group of fellow hunters were about to begin their second deer drive of the day Saturday noon in Mastodon township. They went to check his post and found Hardy dead of a heart attack. He

had complained of not feeling well after the first drive, but agreed to stand watch at the post 150 feet off the beaten path in the Lake Mary district. Hardy was proprietor of a resort on the east bank of the Paint river in Crystal Falls, a place formerly called the Chicken Farm.

★ Starts Tomorrow! ★
EVENINGS COMPLETE SHOW 7 AND 9 P. M.

Continuous Show 'Thanksgiving'
STARTS AT 1 P. M.

Do YOU REALLY THINK
YOU'VE SEEN
EVERYTHING?

For years SAMUEL GOLDWYN has been creating wonderful, unforgettable motion pictures. Yet never before has he lavished so much of his creative magic on one picture!

DANNY KAYE is a perfect choice for Hans Christian Andersen . . . a new kind of role . . . undoubtedly the most delightful in his career.

From Paris comes ooh-la-lovely JEANMAIRE, a shining new star who created such a sensation on the New York stage. Her enchanting dancing . . . her tempestuous love scenes with romantic FARLEY GRANGER are entertainment at its best!

Famed FRANK LOESSER wrote the eight heart-lifting new song hits that highlight this brilliant romantic musical. You'll never hear enough of them. CHARLES VIDOR's direction is deft and delightful beyond words and contributes indescribably to this exhilarating production.

MOSS HART has written the perfect screenplay . . . a gay, enchanting love story laid in romantic Copenhagen, the story of the greatest story-teller who ever lived—Hans Christian Andersen . . .

For sheer magnificence, no set yet built for a motion picture can quite compare to Copenhagen Square . . . and we believe you'll agree "The Little Mermaid" ballet sequence is the most exciting scene ever staged anywhere!

Here, in magnificent TECHNICOLOR, you will find music, dancing, romance and eye-filling spectacle in the Goldwyn tradition.

You may be sure that you haven't seen everything until you've seen HANS CHRISTIAN ANDERSEN . . . then you have!

Hans Christian Andersen
—and the dancer

Attention: Mr. & Mrs. Dairy Farmer

GRAND OPENING! Frank Barron's Feed Mill Flat Rock, Mich.

Friday, November 27th

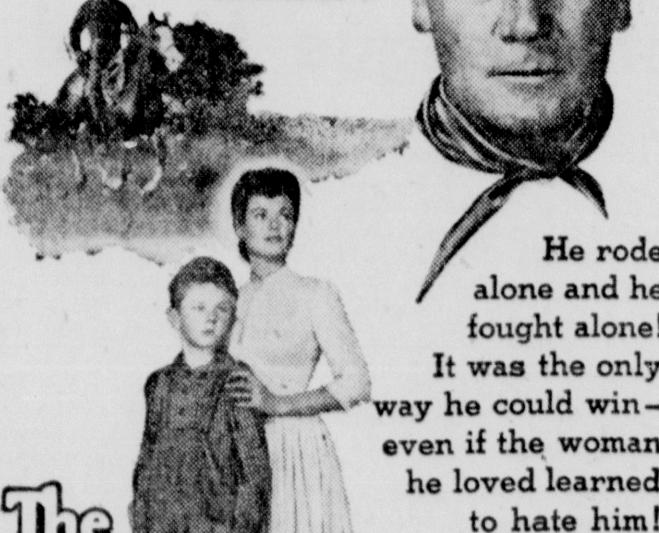

Mr. A. W. Stegner, Feed Specialist for General Mills, will give a discussion on Dairy Management and Feeding Problems. There will also be special prices on Larro Dairy Concentrate and other Larro Feeds.

Highlight of the evening will be an old fashioned Spelling Bee with prizes for the winners, and will be broadcast over WDBC at 8:30 p. m.

Refreshments will be served and Door Prizes consisting of a beautiful Betty Crocker Food Mixer, (worth \$75.00) plus some Betty Crocker Cook Books, 463 illustrated pages.

We're looking forward to seeing you at 8:30, Friday, November 27th.

Labor Council Reelects Olson

Kenton Olson was reelected president of the Escanaba Trades and Labor Council at the annual meeting last night at Carpenters' Hall. This will be Olson's third term as president of the labor organization.

Other officers elected are Ed Legault, vice president; R. A. Allingham, secretary; Lawrence Viaw, treasurer; Emil Neumann, sergeant at arms; James Doran, statistician; Einar Erlandson, John J. McCarthy and Arthur Weberg, trustees.

A turkey dinner was a highlight of the evening.

Arol Beck Discusses CAA And Air Age At Kiwanis Club Monday

Old concepts of time and space have changed by the universal use of sky lanes for travel, and the air age is just beginning, Escanaba Kiwanis Club members were told Monday by Arol Beck, newest member of the local club.

Mr. Beck, who spent several years on the staff of the Civil Aeronautics Administration, outlined the important part played by the CAA in the supervision of air lanes and aviation safety. He traced the progress of air navigation aids, which started with the "iron compass" as fliers followed railroad lines to get their bearings. Then came beacons supplied by the lighthouse service, followed by radio beams which guide the pilot to his destination, and radar devices enabling planes to stay on a set course despite wind and storm interference.

Mr. Beck, who returned recently from Albuquerque, N. M., to enter business in Escanaba, was introduced by Ed Rudness, program chairman for the day. A guest at the meeting was F. O. Beck, veteran Escanaba grocer, father of the speaker.

The speaker next Monday will be Russell Watson of Manistique, widely-known timber lands operator, who will discuss the multiple use of forests.

Schoolcraft County Residents Sued

A suit for \$2,400 and costs has been filed in Delta County Circuit Court against two Schoolcraft County residents, Fred Prater and Fred Prater Jr., alleging the two men injured trees on, and took timber from, Fairbanks Township land belonging to the estate of Peter Jacobsen, deceased.

Mayne Gierke, executrix of the estate, is the plaintiff. Some areas on the Gulf and Pacific coasts of North America get more than 100 inches of rainfall a year while many parts of the American Desert get less than 10.

Advisory Board Reviews Proposed Power Contract

Escanaba's power advisory board appointed by the City Council to study the city's electric power shortage last night examined a proposed 10-year contract with the Alger-Delta Electric Cooperative Association and prepared a list of questions to be submitted to Cooperative representatives for answer at a meeting tentatively scheduled for Dec. 9.

The advisory board gave first attention to the proposed contract as requested by the City Council, which has placed the contract first on the list for consideration by the advisory board, comprising a group of nine Escanaba citizens.

Examination of the proposed contract followed a discussion of general questions in connection with the advisory board's study to assemble facts in connection with a solution of the city's power shortage problem.

Examine Contract
Todd Gayeff, chairman of the power advisory board, presided at the initial study meeting of the board.

In examining the proposed 10-year power contract with the Electric Cooperative of Gladstone, which plans to build \$4,350,000 generating plant about one mile north of the Escanaba city limits on the bay shore if the Rural Electrification Administration approves a loan, the following major questions were presented:

Will the "excess capacity" offered the city by the Electric Cooperative be ample to meet the city's power needs?

What effect will fuel adjustment and tax adjustment clauses in the contract have on the cost of supplying power to the city?

Should the Electric Cooperative not be able to start construction of a generating plant, should not the city be permitted to void the proposed contract before Jan. 1, 1957, as now provided?

Conference Planned
The advisory board will also seek to determine the trend in power consumption in Escanaba, and assemble estimates of cost to the city in connecting with the proposed Electric Cooperative's generating plant.

Questions in connection with the proposed contract will be presented to the Electric Cooperative and its consulting engineers at a meeting tentatively scheduled for Dec. 9 at Escanaba. C. M. Stanley of Stanley Engineering Company, Muscatine, Iowa, consultants for the Electric Cooperative, will be here at that time.

In preliminary discussions of the advisory board last night the subject of obtaining power from other sources was held in abeyance until examination of the proposed contract with the Cooperative is completed. The City Council had placed the proposed contract first

on the list for consideration.

"Breathing Spell"
The proposed 10-year contract with the Electric Cooperative would supply power to the city at a rate comparable to the present rate and lower than can be expected from private sources or from a municipally-owned plant.

It would not be a permanent solution to the city's problem, however, since the Cooperative could sell only surplus or "excess capacity" to the city. The contract would provide the city with a "breathing spell" in which plans for a permanent solution to the problem could be worked out.

The city's present wholesale power contract with Upper Michigan Power & Light Company has a rate favorable to the city. The contract will expire Aug. 1, 1959, and will not be renewed, the city has been advised.

Expansion Planned
Mead Corporation, parent concern of Upper Michigan Power & Light Company and Escanaba Paper Company, has advised the city that it is planning an expansion of its paper making industry and will have use for the power it is generating.

Escanaba City Council is seeking a solution to its approaching power shortage by seeking another source of power. It does not want to delay Mead Corporation's planned expansion or cause curtailment of its present operations by continuing as a power customer longer than necessary.

Attending last night meeting were: Advisory board members Tod Gayeff, Bruce Brackett, Andrew Skaug, Henry Wylie, Robert Loe, E. F. Zuehlke, Hugh Grow, Fred Fisher, Edwin Kositzky.

City Manager A. V. Aronson, Loren Jenkins, Joseph Paterick, Harvey Germanson, Alfred Lawrence of the city staff; and Councilmen Jacob Bink and Ed Cox.

Ronald Baribeau, 20 Months, Dies

Ronald Joseph Baribeau, 20 month old son of Mr. and Mrs. William J. Baribeau, 501 N. 18th St., passed away yesterday. He had been in ill health since birth, March 27, 1952.

Besides his parents he is survived by a sister, Donna Mae; a brother, Gerald; paternal grandparents, Philip Baribeau, and maternal grandparents, Mr. and Mrs. Adolph Sarasin.

Graveside services were held today at Holy Cross Cemetery with Rev. Charles Carmody of St. Thomas Church officiating. Burial was made in Babyland at Holy Cross Cemetery.

Degnan Funeral Home had charge of the arrangements.

LITTLE LIZ

The guy who gives in when he's right is weak, spineless and no doubt married.

Briefly Told

Soo Hill Club—There will be a meeting of the Soo Hill service club this evening at 8 at the Soo Hill School.

Fourth Degree Knights—A regular meeting of Fourth Degree Knights of Columbus will be held at 8:30 tonight at the Knights of Columbus club rooms.

Meeting Postponed—The meeting of the Bark River home extension club, originally scheduled for Wednesday evening, has been postponed to Wednesday, Nov. 25, at 8:15 at the Bark River Junior High School.

Marriage Licenses—The following couples have applied for marriage licenses in the office of the county clerk: Robert W. Pearson, 3 Highland Ave., Wells, and Gladys Jefferson, 221 S. 23rd St.; and Gerald L. Dufour, Hq. Co., 10th Div., Fort Riley, Kan., and Mary Lou Way, Wells.

COD LIVER OIL—Made possible by the Community Chest, the first 30-gallon drum of cod liver oil for 1954 was bottled by representatives of the Lay Health Committee at Webster Annex today. Approximately 625 bottles of the "liquid sunshine" were bottled for distribution to needy families. Women who worked on the project today were the Mesdames Lucille Weissert, Robert Rouse and C. L. Riegel. Funds for this health giving project are provided by contributions to the Delta County Community Chest.

Mink Pelting Season Under Way In County

Pelting season, the mink rancher's busiest time of the year is now underway. The pelting season which in past years began about Nov. 10 was delayed until last weekend on most ranches. The moderate weather is responsible for the later date.

An estimate of the pelt crop of members of the Upper Michigan Mink Breeders Association shows that about 45,000 mink pelts will be sold from this area. The UMMBA membership includes most ranches in Delta County as well as some in Menominee and the northern areas of Gwin, Munising, Iron Mountain, etc.

Of these 45,000 pelts about half will be mutation mink, including most of the approximately 20 color phases now produced. These colors range from dark to white and include various shades of grey, blue and tan.

Market Outlook Steady

The market outlook for ranchers appears to be about the same at the outset as it was at the close of last year's selling season last spring. The general marketing picture last year showed a drop in pelt price of 10-12 per cent over the previous year. Certain color phases, because of a limited supply such as white or Jasmine, remain good. Superior quality furs in nearly all color phases will command a good price.

It is believed that the total domestic production of mink fur this year will not be greater than last year's crop. This is due to spotty production results in the major fur producing areas in the country including the Upper Peninsula.

New Technique

Mink ranchers in this area are becoming increasingly conscious of the "leveling off" process occurring in the fur selling world. The boom years following the war are over, as is true in other businesses. Ranchers here are utilizing new methods of cutting costs such as the new fleshing or

scrapping technique demonstrated this fall.

Although the new scrapping method will cut labor costs considerably, it is estimated that about 200-250 additional persons will be employed by Delta County ranchers during the pelting season.

This time of the year the rancher is also concerned with the freezing of herring which will be an important item in the mink feed throughout the winter months. Members of the UMMBA will be able to use 1,000,000 pounds of herring by the time the smelt run begins in the spring.

Father Of Rapid River Woman Dies

RAPID RIVER—Mrs. Harry (Ingeborg) Johnson St. of Rapid River has received word of the death of her father, Arthur Abrahamson of Malmo, Sweden, Sunday morning in Malmo. He was 76.

Surviving, in addition to Mrs. Johnson, are Mrs. Abrahamson; two sons in Chicago, Ill.; and two daughters in Sweden.

The Abrahamsons visited Mrs. Johnson four years ago and met many people in Delta County.

More people get more news from newspapers than from all other sources combined.

Conservation Men Find Moose Carcass Near Shingleton

SHINGLETON—Unknown hunters or a hunter abandoned a 2 1/2-year-old bull moose in the woods northeast of Shingleton, Otto De Waard of the Newberry Conservation Department reported today.

The animal, which is protected in Michigan, was apparently illegally killed last Thursday, according to De Waard. The more than 1,000 pounds of meat if determined to be good for eating will

ESCANABA DAILY PRESS

Tuesday, November 24, 1953—3

be distributed to charitable organizations, De Waard said.

The large animals are rarely seen in the Upper Peninsula, despite efforts of the Conservation Department to get them to come back by transferring moose from Isle Royale.

Infrequent reports during the past year placed one or two moose in Chippewa county.

Editorials—

First Snowfall Of Season Is Just A Taste Of What's Coming

THE season's first snowfall arrived over the weekend and while most of us will agree that it was not exactly welcome, it was, nonetheless, expected.

In late November—or earlier—the arrival of snowfall is something to be anticipated in this area. We have been extremely fortunate that we did not get a blizzard earlier and equally fortunate that the first snowfall was a comparatively light one. There are good prospects, too, that it will not stay with us very long.

The first snowfall was hardly a fair test of what is to come. In the first place, the snow was not heavy enough to require chains for automobile tires. That was a break in itself. It came at a time when the ground still possessed some of the warmth accumulated during the summer, with the result that the snow began to melt not long after it fell.

Best of all, this first snowfall required no snow shovelling. True, a number of ambitious householders, probably anxious to try out a new shovel, did get out and work it over. But some of us—most, we believe—just left it alone and the sidewalk temperature took care of the rest. Unfortunately, we cannot anticipate this probability later in the season. We can be quite certain that we'll get all the snow shovelling that we will want—and more—in the next 90 days or so.

The later arrival of winter reminds us of the story of the young mother who brought her only child to the doctor at the age of seven months, worried because the youngster had not yet produced the first tooth. The doctor eased the mother's fears, commenting that in all of his life he

had never seen a child who did not develop teeth sooner or later.

That's the way it is with us about this later snow arrival. We concede that it may be a little later than normal this year but we have never had any doubts that snow would come—and lots of it. You can be fairly certain that we'll get our share before the tulips push out next spring.

We can afford to be a little philosophical about this snow problem, though. Here in Escanaba we have been somewhat more fortunate in recent years than some of our Upper Peninsula neighbors. We still measure it in terms of inches instead of in feet.

And we can be particularly thankful that when the big snows come, as they inevitably will, we will have the men with the know-how and the equipment that is necessary to move the snow off the highways with speed and efficiency. The days of our isolation because of snow have long passed.

Old Shibboleths

WALTER Reuther, president of the CIO, addressing the organization's annual convention, says the new Republican administration has sold out to big business and is putting "profits before people."

Reuther does not seriously attempt to document this charge, for he must understand that it would not be easy to do.

What laws safeguarding the people's welfare have been repealed since last January 20? What new laws have been passed which allow businessmen to grind the faces of the poor?

We all have to appreciate that when Reuther is talking to his own convention, he is addressing his constituency, like any politician tacking up his fences in the home bailiwick. Documents are not necessary. Tired old shibboleths will do very nicely, and of these Reuther has an abundant supply.

Questions and Answers

Q—Has the government done anything about the suit challenging the Constitutionality of the "tidelands" law?

A—The Justice Department filed a motion Sept. 8 in a U. S. District Court asking for dismissal of the challenge to the Submerged (Tidelands) Lands Act which became law this year. The Department contended that the U. S. government cannot be sued in this type of case without its consent, given by act of Congress.

Q—Why did Sen. Holland of Florida refuse to go to the Chicago Democratic rally Sept. 14-15?

A—Sen. Spessard L. Holland (D-Fla.) said he thought the South had nothing to gain by attending the rally. He said he found no tangible signs that the Democratic Party leadership had changed its views on issues that cast the 1952 Presidential candidate, Adlai E. Stevenson, 57 electoral votes in four southern states.

Q—What is the difference between a bill and a joint resolution?

A—Theoretically, there is some difference between the content of each, though practical usage has little distinction. Both become law, when passed by both Houses and signed by the President. Joint resolutions usually are declarations of policy involving a single matter and are usually not as comprehensive as bills. (All Constitutional amendments are joint resolutions.) Historically, according to the House parliamentarian, joint resolutions were used for relatively minor legislation, but in recent years this difference has lessened.

Q—Is the Administration considering asking Congress to enact a national sales tax?

A—At his Sept. 30 press conference, President Eisenhower said no retail sales levy was planned, but declined to rule out the possibility of an impost at the manufacturers level. Rep. Herman P. Eberhardt (D-Pa.), of the tax-writing Ways and Means Committee, called the statements "ominous."

Merry-Go-Round

By DREW PEARSON

WASHINGTON — Bishop G. Bromley Oxnam, the Methodist Church leader who was banned from speaking in Los Angeles leading auditorium, was received by President Eisenhower last week, during which the two men had a friendly conversation about golf.

The Bishop inquired whether the President had had a chance to play his regular Wednesday golf game, to which Ike replied:

"Yes, Bishop, and I want to thank you for your offer to pray for a better score for me."

"Well, did my prayers do any good?" inquired the Bishop.

"Frankly, on the first nine holes, no," said the President. "But on the second nine holes, the answer is definitely yes."

TVA FOR NEAR EAST

Eric Johnston, head of the motion picture industry, came back from the Near East the other day to report to President Eisenhower on the toughest of all diplomatic jobs—building up long-range friendship between Israel and the Arab states.

Johnston was asked by Eisenhower to go to the Near East as his special ambassador, officially to settle the question of Arab refugees, but actually to settle the broader and more basic problem of Arab-Israeli friendship.

What Johnston took with him was a comprehensive plan for impounding the river Jordan and using its waters for power and irrigation under a system similar to the Tennessee Valley. If this irrigation-power plan could be put across, he told the Arabs and Israelis, the Jordan valley could be made to bloom like a rose, and permanent peace and prosperity would prevail in the Near East. Arab refugees could be put to work on the project, thereby removing a difficult thorn in the side of Arab-Israeli relations.

At present Arab refugees, some 875,000 of them, live on the border of Israel, fed by the United Nations and costing American taxpayers about \$60,000,000 this year. All day idle refugees look across little white stone markers which designate the border and watch the new-found prosperity of Israel, some of it on farms they once owned. At night they frequently cross the border to steal sheep or goats.

When they do, the Israelis raid back, and under the old eye-for-an-eye and tooth-for-a-tooth doctrine, men are killed almost every night. Twenty were killed, Johnston reported to the White House, just during his brief stay in the Near East.

JOHNSTON GUARDED

Johnston reported that at first he was met with hostility from both sides. The Arab press claimed his mother and father were Jewish, that he had changed his name. The Israeli press published a cartoon of Johnston with a big knife seeking to carve up Israel. He was warned his life was in danger. Both sides guarded him day and night.

However, the TVA plan for developing the Jordan river aroused definite interest. Drawn up by Charles T. Main of Charlotte, N. C., under the auspices of TVA authorities, it calls for the cooperation of Israel with three Arab states—Lebanon, Syria and Jordan.

The waters of the Jordan are to be impounded largely in Lebanon, with another dam at Lake Tiberias. From these two reservoirs, irrigation ditches would lead off into Syria, Israel and along the Jordan River. But since the river runs through four countries, the cooperation of all four is absolutely necessary.

By the same token, Johnston argued, cooperation on this Jordan valley authority would lay the cornerstone for badly needed peace.

JOHNSTON TALKS TURKEY

"The American people have been spending \$150,000,000 a year in this area," Johnston told Arab Prime Minister Fawzi Mulqi of Jordan. "And they're not going to do it much longer. If you don't go along with this project, you'll find yourself handling these refugees at a cost of \$60,000,000 a year."

"That's your problem," replied the Prime Minister. "You've supported Israel which is responsible for making these refugees homeless."

"No, it's not our problem," countered Johnston. "On the contrary, it was you Arabs who refused to obey an order to stop fighting, thereby opening yourselves up to Israeli retaliation."

"Don't make any mistake about future money from the United States," Johnston continued. "The carpenter in Keokuk or the farmer near Omaha isn't interested in Arab refugees. And he isn't going to continue paying for them much longer."

"On the other hand, if you put across this Jordan valley project, it will not only bloom a never before, but every refugee can be put to work."

Johnston reported to Eisenhower that he hoped he had opened the door just a crack in Jordan, and just a crack in Israel. Bitterness over recent border incidents is intense. Both countries are a long way from being convinced. In Lebanon and Syria there is a little more open-mindedness, and he hopes to get more favorable reactions when he goes back in February.

Into The Past

10 YEARS AGO

Marquette — Eleven locomotives were damaged, six of them seriously in a fire that practically destroyed the Lake Superior & Ishpeming Railway roundhouse here.

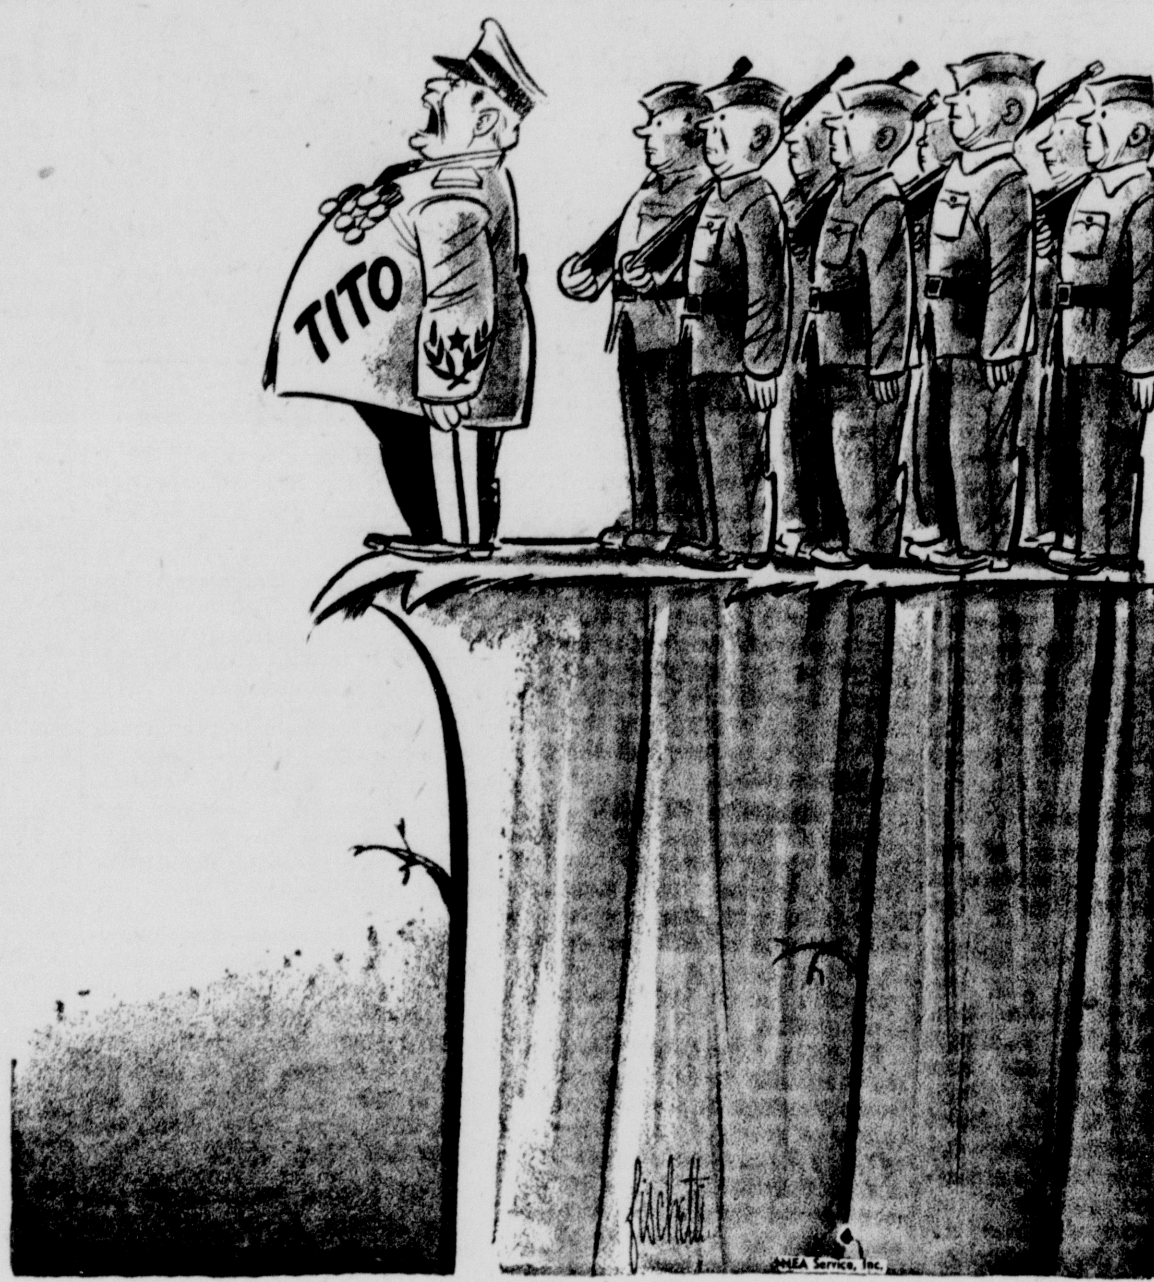

Escanaba—Mrs. Sue Wallen of Green Bay, a former Escanaba resident, will christen a sub chaser at the ship building yard at Sturgeon Bay. Her son, Earl Wallen, a U. S. Marine, was killed in the attack at Pearl Harbor.

Manistique—Henry Marin, vice president of the First National Bank at Menominee, has resigned his position and will assume a similar position in Los Angeles, Calif.

20 YEARS AGO

Escanaba—Unusually attractive possibilities are offered in Escanaba for the establishment of important aeronautic facilities here through the Civil Works Administration.

"About Face!—What Else?"

Kremlin Revives Revolution While Still Talking 'Peace'

REDS ON THE MARCH—Soldiers of the Moscow Garrison turn "eyes right" as they parade past the tomb of Stalin and Lenin (not shown) in Moscow's Red Square during the formal celebration of the 36th anniversary of the Bolshevik Revolution. Now the Kremlin's strategy seems to be returning to the revolution. (Photo from official Soviet agency.)

EDITOR'S NOTE: Once again, as he has in the past, Leon Dennen calls a decisive turn in Soviet policy. The NEA diplomatic correspondent was first to report the Russian decision a few years ago to concentrate on the Orient and abate aggression in Europe; first reported the opening of the phony "peace offensive" which led to the Korean truce. Now he reports the new Malenkov Soviet policy—a hotter cold war and renewal of the campaign of international revolution.

By LEON DENNEN

NEA Staff Correspondent
PARIS—(NEA)—Revolutionary communism, played down by Moscow after Stalin's death, is once more on the march.

The Cominform is undergoing an important switch in tactics which—according to French Communist sources—forecasts a major shift in Soviet cold war strategy.

The new Kremlin rulers now seem to recognize that their global "peaceful co-existence" propaganda failed to carry conviction in the free world. Thus, they are reviving their call for "working class action"—while demanding in their last note that the West renounce plans to organize the European Defense Community.

International "labor solidarity" has taken on renewed and practical meaning in the Red world. It was given top place in the Kremlin's propaganda commemorating the 36th anniversary of the Bolshevik revolution.

The "new" Soviet line in many respects is a reversal of recent Kremlin tactics. As a leading editorial in Moscow's Izvestia indicates, Russia's "soft" policy and "liberalism" in the West is reaching an end.

French Reds predict that the Cominform and the World Federation of Trade Unions will launch a "big revolutionary offensive" this winter, designed:

1. To recoup—through "Leninist mass action"—Cominform losses in membership and trade union support.

2. To discourage countries with

strong Communist parties, especially France and Italy, from participating in NATO and in the European Defense Community.

3. To divert Western attention from the Red empire's economic ills and the struggle for power raging among Russia's top oligarchs.

According to the "new line," there will be no more isolated or individual action by Cominform parties. Every move in the West and in the "colonial" countries of the Near and Far East will be coordinated by Moscow into one broad strategy.

"The powerful strike wave now sweeping the capitalist countries vividly demonstrates the upsurge of the workers," Izvestia writes. "There is now a real possibility of creating a united front of the

working class."

There is no indication as yet that the Kremlin leaders are ready to completely discard their "peace" offensive. As qualified Russian experts see it, Moscow will now carry on the cold war on "two levels."

The Russians—in their frantic efforts to split the democratic powers and isolate the U. S.—will continue to talk "peace" to the diplomats. At the same time they will foment "revolutionary action"—strikes, chaos and confusion—in labor ranks.

This was spelled out clearly by Giuseppe Di Vittorio, Red union chief of Italy. Speaking at the recent Vienna Congress of the World Federation of Trade Unions, Di Vittorio said:

"The W.F.T.U. aims to win people of all political beliefs. But if it is to enlist the support of both labor and the intellectuals, it must not be officially labelled Communist or Soviet-run."

At the same time, the Italian Red singled out France and Italy for praise "for their success" in engaging non-Communist unions in Communist strikes.

The Kremlin's latest switch in policy coincides with Moscow's new rejection of the West's offer to negotiate on Germany and Austria. It is additional proof, that the Russians "manifest no intention to get together but an intention to create as many difficulties as possible."

After Stalin's death many Western political leaders and diplomats hoped that Premier Georgi Malenkov's "soft" policy would eventually lead to an easing of world tension.

British laborites, especially of the extreme left variety, still uphold this view. So does Sir Winston Churchill, British Prime Minister, who apparently wants to bring his distinguished political career to a close with a meeting with Malenkov.

However, even Western neutralists and advocates of a new "Munich" are beginning to realize that Malenkov's "new look" resembles very much the "old look" of Lenin and Stalin.

Good Evening...

By CLINT DUNATHAN

BY ANOTHER NAME—Now that Highway M-35 is improved and the new concrete opened to traffic perhaps it is time to consider a suggestion made by F. M. Fernstrom of 1420 Second Ave. S. Escanaba.

Why, he asks, should not M-35 have a more "glamorous name? After all, it is one of the finest scenic routes in this part of the Upper Peninsula.

Menominee and Escanaba Chambers of Commerce and other groups interested in promotion of the tourist industry might well take up the subject as a project for 1954.

Suggested for consideration are the following names for what is now called M-35 or Bay Shore Road: Hiawatha Trail, Shoreline Road, Blue Water Trail, Green Bay Way, Timber Bay Trail.

Certainly other and perhaps better name suggestions will be forthcoming if the idea is accepted by the tourist and travel promoters. The growing trend in many parts of the nation is to find suitable names significant of the region for highways, rather than hold to the unimaginative numbers.

ROADSIDE SIGNING—The Delta County Historical Society in recent meeting discussed briefly a project it has considered for some time—the erection of a few signs at sites of historical importance along roadsides in Delta County.

One of the places which might be marked is the scenic turnout on US-2 east of Rapid River at the top of Whitefish Hill. Below the turnout is spread the channel of the winding Whitefish River with upper Little Bay de Noc in the distance.

Near this turnout the Indians once had a trail—the Grand Island Trail—which led from Lake Michigan overland to Lake Superior where the city of Munising is now located.

In later years after the white man came to the Great Lakes region, it became a pathway for explorers, trappers and traders. The American Fur Company for many years maintained a trading post on Grand Island in Munising Bay.

FLOWERS IN BLOOM—Until the recent snowfall there were flowers in bloom in many places in this area.

Killing frosts appeared to reach the inland areas first and the places near the shore last of all. Garden Peninsula appears to be well timed, for in protected spots flowers and other vegetation escaped the frost until mid-November.

Mrs. Anna Casey of Fairport enclosed a large dandelion bloom with a note written Nov. 20: "I picked this dandelion in my yard this morning. I thought it was rather late in the season for them to be in bloom."

It is late for flowers to bloom, of course, and this is an exceptional season. In the city of Escanaba late-blooming chrysanthemums brightened flower beds at the city dock and in Ludington Park until park employees cut the plants down for wintering.

CORDEUROY ROAD—How many know what "corduroy road" means?

The word comes from corde du roi—the king's cord—and is applied to a cloth woven with a ridged or corded surface. The word was transformed into corduroy and borrowed to designate a method of building a road of tree trunks laid transversely across a swamp or marsh. Vehicles could pass over this corduroy without becoming mired.

Many years have passed since corduroy roads have been mentioned in the news or appeared in treatises on road construction. They were once common, however, and were built under contract as a part of the Delta County road system.

In an old trunk owned by her mother, Mrs. Adrian Duranance, a copy of legal advertisements for Escanaba Township as published in the Iron Post in 1881-82, was found by Mrs. John Sharkey of Escanaba Rte. 1.

Under date of Nov. 25, 1881, appears the following advertisement:

"Sealed bids will be received until Monday, Dec. 12, 1881, for the construction of a wagon road from the northwest side of the swamp in Section 114, through the swamp, 320 rods, along the line of present winter road towards Escanaba.

"The whole is to be corduroyed 18 feet wide. Timber for corduroy to be at least five inches in diameter at small end, and the corduroy covered with earth taken from the ditch at the side and the whole covered with sand six inches deep."

John M. Wright was commissioner of highways for Escanaba Township, and Robert E. Morrell was township clerk.

UNCLE EF

A stranger to the ambulance crew which picked him up injured on the sidewalk yesterday was identified by Everett True as a man who had called him on the telephone and said, "Guess who this is?"

ESCANABA DAILY PRESS

Office 600-602 Ludington Street

Entered as Second Class matter April 4, 1909, at the postoffice at Escanaba, Michigan, under the Act of March 3, 1879.

Member of Associated Press
The Daily Press is the only daily paper printed in an exclusive field of 50,000 population covering Delta, Schoolcraft, southern Alger and northern Menominee counties thoroughly with branch offices and carrier systems in Manistique, Gladstone and carrier service in 23 other communities.

The Doctor Says...

Emphysema Is A Condition Which May Be Dangerous

By EDWIN P. JORDAN, M. D. — Written for NEA Service

A curious and distressing condition is described by a correspondent who writes: "Two years ago I had emphysema caused by treatment in the nose. I was so swollen my eyes closed and my face, neck and chest were blown up like a balloon."

"It lasted for three weeks before I even looked like a human being. Are there likely to be any after-effects, and what can be done about it?"

This unpleasant experience describes a condition in which air accumulates in the cracks between the tissues. One would expect that usually in a case like this there would not be any after-effects and consequently no special treatment needed.

A more important and common variety of emphysema is that which occurs in the lungs. This is basically a loss of the elasticity of the tissues of the lung, which means that all the air is not emptied out when a person exhales. In advance stages of emphysema of the lung a person may not get enough air from breathing and shortness of breath may become extremely troublesome.

Emphysema of the lungs is rather com-

mon. Judging from some studies made after death, about one person in twenty has this condition, although apparently not nearly that many show symptoms.

There are many conditions which can lead to this loss of elasticity and dilation of the breathing cells. Any chronic infection of the lungs, chronic asthma, or a serious chest deformity can bring on emphysema comparatively early in life, although there is perhaps a tendency in all of us to have less elasticity in the lung tissue as we grow older.

PENICILLIN FOUND USEFUL
One of the important objects of treatment is to correct or try to prevent infections or allergy which are making the condition worse. Acute respiratory infections should be treated promptly with bed rest and often with penicillin or one of its relatives.

Drugs can be used to help improve the ventilation of the lungs, and many patients with chronic emphysema are enormously helped if they can spend the colder months in a mild climate. Emphysema is serious and may lead to other complications and should have appropriate attention.

Ann Arbor Flier Not Poor Risk

WASHINGTON (AP) — Secretary of the Air Force Talbot today ruled that Lt. Milo J. Radulovich "is not a security risk" and reversed a 10th Air Force Board recommendation that the reserve officer be discharged.

Radulovich, now attending the University of Michigan under the G. I. program, had been slated for discharge following a hearing which the charge was made that he was a poor risk because of alleged communist sympathies of his father and sister.

Radulovich's attorney, Charles C. Lockwood, said his client was accused because his sister had taken part in picket line activities and his father had read a "radical" newspaper.

Talbot, reversing the recommendation of the board at Selfridge Field, Mich., said Radulovich had served honorably and well for 14 months as an airman and six years as an officer on active duty.

He said the lieutenant's "association with his sister is not such as to make her activities and beliefs the determining factor in this case."

The secretary added that the record does "not support the conclusion" that the father had engaged in activities of "such a type as to bear upon the decision in this case."

Allies Prepare To Coax POWs

PANMUNJOM (AP) — The Allies revealed today they are making final preparations for efforts to win back 22 Americans, 1 Briton and 328 South Koreans who have refused to come home.

The U. N. Command disclosed it has been sparring for two weeks with the Korean war prisoner repatriation commission over how many Allied interviewers will be permitted to talk with the prisoners.

The Allies have requested a total of 15-5 Americans, 5 Britons and 5 South Koreans.

The commission has set a limit of five.

The Allies have little time left—the 90-day POW interviewing period is scheduled to end Dec. 23.

Meanwhile, Allied and Red negotiators meeting nearby on arrangements for a Korean peace conference discussed sites, but got nowhere again.

With The Deer Hunters

Peter VanLarhoven, 2107 8th Ave. S., bagged a spikehorn, 125 pound buck Sunday at 8 a. m. near LaBranche.

Clayton Ford and David Carlson were successful in getting their bucks in Cornell last week.

Deacon And Pastor Erase Love Mixup, Keep Old Spouses

MEMPHIS, Tenn. (AP) — The preacher and the deacon's wife apparently have straightened out their love life by deciding maybe the old spouse was best after all.

This was revealed Monday when Circuit Court dismissed the divorce bill filed by Deacon W. B. Gadd against his wife Kathryn. Gadd's lawyer reported the couple reunited.

The deacon had filed suit after his wife and the Rev. Charles D.

Rains Continue In California

By THE ASSOCIATED PRESS
Flood dangers appeared increasing in sections of the Pacific Northwest as more rain fell today from northern California northward.

Two persons have drowned and some 3,500 persons have been isolated by heavy rains in Oregon and northern California. In Coos and Curry counties, southwest Oregon, every major highway was blocked by high water or slides. The towns of Coquille, Myrtle Point, Powers and Bandon were isolated.

Rain continued in Northern New England today, but the stormy weather which brought heavy rains in other Eastern states ended.

Rain mixed with snow fell across the Northern Great Lakes region while light rain hit eastern sections of the Central Plains. Snow fell at higher elevations across the Northern and Central Rockies.

It was chilly across the Central part of the country. Temperatures ranged from the high 20s along the border states to the 30s and 40s in the central plains and Ohio Valley and in the 50s generally in Texas and the lower Mississippi Valley. Readings were in the 30s and 40s in the Appalachians and ranged into the 50s along some coastal sections. They also were in the 50s along the Pacific Coast and in the Far Southwest.

Jammed Handcuffs Halt Justice; Detroit Suspect Takes Off

DETROIT (AP) — The wheels of Justice clicked to a stop Monday because of a mechanical failure. Albert Torrance, 26, in custody at Recorder's Court as he waited a hearing on a writ of habeas corpus, was not handcuffed because the metal bracelets had jammed.

While police were busy opening the cuffs on two other prisoners, Torrance walked away.

Torrance's wife and mother and two other men are still in custody in connection with a series of holdups in Detroit and Grand Rapids.

Big Cotton Acreage Cut Down For 1954

WASHINGTON (AP) — Cotton growing states got a taste today of the sharp reduction they may have to make next year in the production of their big cash crop.

Secretary of Agriculture Benson announced acreage planting allotments proposed for cotton under a rigid production control program to be submitted to growers Dec. 15. Approval by at least two thirds of the growers voting is required to set the program in motion.

Growers in Arizona, for example, would have to reduce plantings about 60 per cent from this year. Those in California would have to cut about 52 per cent and those in New Mexico about 44 per cent.

The national planting allotment is 17,910,448 acres compared with 24,534,500 in cultivation for this year's crop last July 1.

Wall Street

NEW YORK (AP) — The stock market was slightly lower on balance today with several areas of resistance to the decline.

Gains and losses were almost all confined to a range of a point change. Trading was at a pace right around Monday's 1,410,000 shares.

A rundown of major divisions showed:

Higher — Aircrafts, distillers, coppers.

Lower — Motors, mail order, radio-television.

Mixed — Steels, rubbers, chemicals, railroads.

Montgomery Ward was down after reporting profits for nine months equal to \$3.82 a share as compared with \$4.17 a share a year ago.

Higher stocks included Santa Fe, American Telephone, Anaconda Copper, Allied Chemical, Superior Steel, Douglas Aircraft, and National Distillers.

Lower were Bethlehem Steel, Studebaker, Radio Corp., Union Carbide, General Electric, Southern Railway, and Johns-Manville.

U. S. government bonds in the over the counter market were steady.

Riley Jr. announced they were in love, planned to get divorces and remarry.

Riley was pastor at Winchester Baptist Church here, where Gadd was a prominent layman.

Former Pastor Riley and his wife Lorraine also were reunited, the Commercial Appeal said, after reaching him by telephone at the home of Mrs. Riley's parents at Kansas City.

Mrs. Riley said she had ordered her Memphis lawyer to withdraw her divorce suit.

Pastor Riley and Mrs. Gadd left here last September. He said he would enter the insurance business in LaCrosse, Wis. She was headed for Des Moines, Ia., to wait out divorce proceedings.

"It was all a mistake, a bad mistake and a lot of people were hurt," said Riley. "I am very sorry it happened. My wife and I realized we still loved each other and our family and through correspondence we have returned to each other and the children."

Gadd said, "My wife and I are back home together and the children are at home with us. We are very happy. We pray that people will look at us as Christian people."

Perkins

PERKINS — Robert Stackwitz, William LaVance, Emory Dutrick and Donald Dutrick, all of Ypsilanti, arrived Saturday to hunt at the Wallace LeGault camp north of Perkins. Mr. Stackwitz is a nephew of Daniel LeGault and Mrs. Ray LeClaire.

The Perkins school will be closed from Thursday until Monday for the Thanksgiving vacation.

Clem and Bernard LaCrosse returned to their home in Detroit after a week here visiting at the W. M. Trudell and L. Miron home. They also did some hunting.

The Rev. W. M. Gibbs of Marquette and Mr. and Mrs. R. W. Hughes of Escanaba were dinner guests at the home of Mr. and Mrs. H. C. Gibbs Wednesday. Father Gibbs visited at the Ray Louis home.

Mr. and Mrs. Wilfred Beauchamp received word that their son, Sgt. Norbert Beauchamp, has returned to Fort Richardson, Alaska. He spent his furlough here with his parents. Sgt. Beauchamp was in a car accident and was hospitalized for some time at the Offutt airforce base hospital in Nebraska.

Mr. and Mrs. Elmer Morin of Detroit visited with Mr. and Mrs. Freddie Krouth and other relatives last week.

Mrs. Adelle Vallier received word that a son was born to their daughter-in-law, Mrs. Robert Vallier at West DePere, Wis., last week. The baby's name is Ronald Joseph and it is the first child in the family. Mr. Vallier died Oct. 3 of burns suffered from an explosion at his former farm home at Trombly.

Ernest Vallier of Negaunee spent the weekend with his mother, Mrs. Dan Vallier.

Services will be held at Bethany Lutheran church Nov. 29, at 8 p. m. After the services there will be Holy Communion. A meeting of all Luther Leaguers with the Rev. Clifford Peterson for the purpose of planning and organizing activity for the winter months will follow the communion.

No Korean Unity
TAIPEH, Formosa (AP) — Official Chinese Nationalist sources expressed the opinion today that a 10-year pact linking Red China and North Korea all but eliminates chances of peacefully unifying Korea. They said the pact announced Monday clearly indicates North Korea would agree to unification only on Communist terms.

Insurance Broker Balks At Quiz On Teamsters Fund

(Continued from Page One)

Public Service Corp. and the Union Casualty and Life Insurance Co., both of Mount Vernon, N. Y.

Dorfman, he said, took this money as well as commissions received from insurance sold by Dorfman for the United Casualty firm. Hoffa denied that he had received any of the questioned \$100,000 when questioned by newsmen later.

Entertainment Costly
McKenna also claimed that Dr. Leo Perlman, the first witness in the committee's opening session Monday and an executive vice president of Union Casualty, had spent \$35,000 in 1950 and 1951 on entertainment and gifts to get the union to invest in his firm's insurance.

Perlman testified that he spent \$7,500 entertaining Chicago and Detroit teamsters officials, including Hoffa.

Hoffa admitted his union had bought 36,000 health and benefit policies from Perlman's company and also invested about \$250,000 in stock.

At the meeting, it was decided upon that the Community Building be made of block construction. The planning committee, headed by Ray Leduc, and the building committee, headed by Chris Bodjanac, will complete the details.

The Ford River Community Chest drive is being completed with the team captains, Everett Dahlbeck, Richard Freeman and Ray Leduc, and their teams working to meet the \$200 goal for Ford River Township.

A venison feed will be held at the next meeting, Dec. 14, at the Ford River Mill School.

Briefly Told

Motorists Ticketed — Escanaba police have issued traffic violation tickets to the following motorists: Robert J. Hall, Gladstone Rte. 1, speeding; Richard Ellingsen, 230 N. 18th St., disobeying traffic signal; Howard VanderLinden, Escanaba Rte. 1, improper right turn; and Edward Erickson, Norway, disobeying a stop sign.

Check Passer Held — John Cortez of Carlsbad, Marquette County, is held in Milwaukee on a charge of passing bad checks, Escanaba police have been informed. Cortez in September in Escanaba cashed four checks totaling \$187 to which he had forged the name of Nick Sigan. A Michigan parole violator, Cortez is expected to be returned to this state after serving sentence in Wisconsin.

Return From Conference — Glen S. Leonard, Escanaba safety director, and Hiawathaland Council commissioner, Boy Scouts of America, has returned from Rochester, Ill., where he and other Hiawathaland Council officers attended a training session in Boy Scout organization and extension. The conference was for Region Seven, comprising the states of Michigan, Illinois, Wisconsin and Indiana.

Michigan Is Fifth
Fast-Growing State
DETROIT (AP) — Michigan was listed as the fifth fastest growing state in the United States today by the Census Bureau.

Ranking behind California, Texas, Florida, and Ohio, the Wolverine State gained 319,000 persons from the 1950 census to July 1, 1952, the bureau estimated.

The best gains for a region-wide basis were registered by the Rocky Mountain Pacific Coast area. Percentage gain there was 7.7 per cent, against a 3.4 per cent gain for the nation as a whole.

Soldier Arrested
SAULT STE. MARIE (AP) — Sgt. William Roy Bastin, 24, of Wyandotte, faced arraignment today in Municipal Court on charges of assault with attempt to rape. He is a member of the medical detachment at Camp Lucas near the Soo. He was arrested Sunday night on complaint from a 15-year-old girl.

Kinross Field Jet Plane Lost

SAULT STE. MARIE, Mich. (AP) — The chill, bleak waters of Lake Superior and the rugged hills of the Copper Country were being combed today for a missing Air Force jet fighter.

Two high-ranking Air Force officers were reported aboard the plane, an F89, when it left Kinross Air Force Base south of here Monday night. The men were not further identified.

The jet took off at 6:22 p. m. (EST) with about two hours of fuel in the tanks, Kinross spokesmen said. It was last noted by radio some 60 miles northeast of the Keweenaw Peninsula. This would have put the plane somewhere off the forbidding shores of the stormy lake.

A Coast Guard cutter was sent to the area and air-sea rescue units were alerted. State police were joined by conservation officers in the widespread hunt along the shoreline.

Community Building
Plans Are Discussed
By Ford River Lions
A regular meeting of the Ford River Lions Club was held Monday evening at the Town Hall. Richard Meisner was program chairman for the evening.

At the meeting, it was decided upon that the Community Building be made of block construction. The planning committee, headed by Ray Leduc, and the building committee, headed by Chris Bodjanac, will complete the details.

The Ford River Community Chest drive is being completed with the team captains, Everett Dahlbeck, Richard Freeman and Ray Leduc, and their teams working to meet the \$200 goal for Ford River Township.

A venison feed will be held at the next meeting, Dec. 14, at the Ford River Mill School.

Movie Maker Says
Reds Ousted Him For
Seeing Psychiatrist
LOS ANGELES (AP) — A movie producer says the Communists ousted him from their party in 1948 because he saw a psychiatrist.

Producer William L. Alland, maker of the 3D hit "It Came From Outer Space," said he told that to a closed session of a House Un-American Activities subcommittee Monday.

Alland, a combat pilot with a record of 56 missions in the South Pacific in World War II, said he joined the party in 1946. He added that 95 per cent of the Communists in Hollywood belonged on a psychiatrist's couch.

Coins Worth \$625,000
Found In Old Chest
In Suwannee River
JACKSONVILLE, Fla. (AP) — William F. Sneed Jr., Lakeland hotel owner, is showing coins he says were among thousands in a chest he recovered from the Suwannee River Saturday.

He said he found 4,500 Spanish gold doubloons worth \$100 to \$150 each and 3,500 silver pieces of eight worth \$50 to \$90 each. At the lower value he quoted, his treasure fund would be worth \$625,000.

He said the chest also contained a silver cup, apparently of English origin.

He said he used electronic devices to locate the treasure under 16 1/2 feet of water near the mouth of the Suwannee.

Canada Legislator Charges Blackmail In US Spy Inquiry

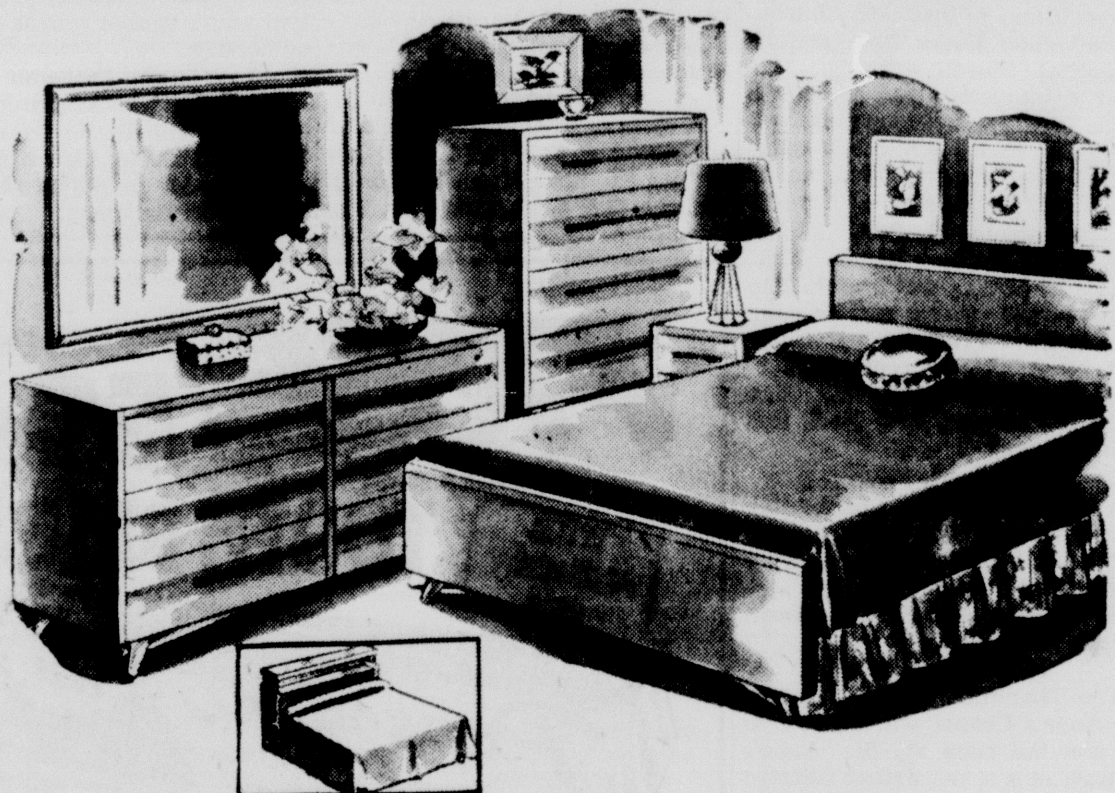

(Continued From Page One)

may have some advice that would help the Senate investigation. But Pearson said Gouzenko had no information that Canada had not already given the United States.

At the subcommittee's request, Atty. Gen. Brownell supplied it Monday with a memorandum on who got FBI reports and summaries naming Glasser.

Morris told newsmen a question of security is involved. The subcommittee counsel said no more public hearings have been scheduled and the next meeting of the group, headed by Sen. Jenner (R-Ind.), will be Dec. 2.

Irene LaRose, Robert Krouth Exchange Vows

Miss Irene LaRose, daughter of Mr. and Mrs. Jule LaRose of Rapid River became the bride of Robert Krouth, son of Mr. and Mrs. Alfred Krouth of Perkins at a 10 a. m. ceremony Nov. 21 at St. Joseph's Church in Perkins.

The vows were repeated before Father Charles Daniel. The Senior Choir sang the music of the service.

The bridal couple was attended by Miss Arlene LaRose, a sister of the bride, and Napoleon Sharkey Jr.

The bride wore a grey suit with navy accessories and a corsage of red roses and white mums. Her attendant also wore a grey suit with navy accessories. Pink roses and white mums formed her corsage.

The wedding breakfast for 35 guests was served at the parish hall.

The newlyweds will live in Ishpeming. The bride is a graduate of Rapid River High School and the bridegroom is a Perkins High School graduate.

Wedding guests included Mr. and Mrs. Clyde Cole of Manitowoc, Mr. and Mrs. Donald Cole, Gladstone, John Schroeder, Escanaba, Mrs. Frank Varino, Mrs. Edith Armstrong, Leslie Varino and Miss Eleanor Spitzer, Escanaba, Mrs. Emma LaBumbard, Gladstone, Miss Beverly LaBumbard, Iron Mountain, Charles Feeney, Iron Mountain, Mr. and Mrs. Peter Liebergen, Francis Liebergen, Green Bay, Mr. and Mrs. Leo Dimmer and Mr. and Mrs. Arthur Lemens, Luxemburg, Wis., Mrs. Nelson Trenary of Cornell and Mr. and Mrs. Harry Carrigan, Detroit.

Women's Activities

ENGAGEMENT ANNOUNCED — Mr. and Mrs. Robert Trotter, 1224 N. 22nd St., announce the engagement of their daughter, Betty Catherine, to Earl R. Reno, son of Mr. and Mrs. Earl S. Reno, 17 Harland Ave., Wells. No wedding date has been set. (Portrait by Millie)

Births

Mr. and Mrs. Harry E. Woolford, Melrose Park, Ill., are the parents of a daughter born Nov. 23 in Melrose Park Hospital. The baby weighed 7½ pounds. The couple also has three sons. Mr. Woolford, a former Escanaban, is the son of Mrs. Ruth Woolford, 210 N. 13th St. Mrs. Woolford is the former Betty Schmidt of Melrose Park.

A daughter, Janet Lynn, was born to Mr. and Mrs. Chester F. Kleemann, 613 S. 17th St., Nov. 23 at St. Francis Hospital. She weighed five pounds and eight and a half ounces.

William James was the name given to the son of Mr. and Mrs. Joseph James Skradski, 1410 N. 16th St. He weighed eight pounds and 10 ounces and was born at St. Francis Hospital Nov. 23.

Mary Braamse, J-Hop Chairman

Mary Braamse, daughter of Mr. and Mrs. Byron L. Braamse, 516 2nd Ave. S., has been chosen chairman of the theme committee for the Michigan State College J-Hop of 1954.

"Our Very Own" is the theme chosen by Mary and her committee. Ray Anthony will play at the annual dance, to be held Feb. 13-14, sponsored by the Centennial Class of 1955.

About 3,000 couples attend the dance, which is the largest and main dance on Michigan State's campus. Tickets for the affair are sold during the winter term.

Church Events

Covenant Chorus
The Ladies' Chorus of the Ev. Covenant Church will meet for rehearsal Wednesday at 7:30 p. m. at the church.

Christian Science Churches
Is hypnotism a true remedial agent? This important question is explained in the Lesson-Sermon to be read in all Christian Science churches on Sunday Nov. 29, under the title: "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced."

Puts On Blue Bonnet —Delighted With F.N.E.!

MRS. DAVID ANTHONY DREXEL

Like the well-known society leader, you will fall in love with F.N.E.—BLUE BONNET Margarine's Flavor, Nutrition, Economy!
BLUE BONNET's delicate, sunnysweet flavor makes bread, hot rolls, vegetables, your favorite recipes all taste truly better!
You get extra nutrition, too! Unlike most other brands, BLUE BONNET contains as much year-round Vitamin A and Vitamin D as the high-priced spread!
Yet BLUE BONNET costs less than half as much! So switch today to F.N.E.! Insist on BLUE BONNET Margarine and be sure of "all 3"—Flavor, Nutrition, Economy!

Louis Larsen Is Honored Guest At Birthday Party

Louis Larsen, 1414 N. 18th St., was the guest of honor Sunday at a surprise gathering of close friends and relatives at his cabin on the Escanaba River in Cornell. They met to honor Mr. Larsen's 72nd birthday, which he observed Nov. 23.

Because of Mr. Larsen's keen interest in his cabin, the party was held there rather than in his home in Escanaba. Cards and games were played, and many gifts presented to Mr. Larsen.

A supper was served smorgasbord style. The center of attraction was a very special birthday cake with rustic trimmings suited to the knotty pine interior of Mr. Larsen's cabin.

Mr. Larsen spends most of his time completing his cabin and its grounds since his retirement last May from the Chicago & North Western.

Isabella Circle Dessert Bridge Held Last Evening

Daughters of Isabella of Trinity Circle 362 held a dessert bridge party last evening at the Knights of Columbus Club Rooms. Mrs. James Donovan was chairman of the hostess committee.

High scores in cards were as follows: bridge, Mrs. Henry Neron; pinocle, Mrs. Arthur Bryson; 500, Mrs. Nora Carr; canasta, Mrs. Marie DeGrand. Lunch was served after the games.

Plans were discussed for the Christmas dinner party which is to be held Dec. 14. Reservations which must be in by Dec. 10 are to be made with Mrs. Irene Corbett or Mrs. Howard Rusha.

John Auskises Honored At Silver Wedding Party

Mr. and Mrs. John Auskises of 944 Stephenson Ave., who were married 25 years ago, celebrated their silver wedding anniversary at a party Saturday evening at the Eagles Club Rooms. Attractive decorations were in the theme of the occasion.

The program of the evening included two duets, "I Love You Truly" and "Beautiful Ohio" by Anne and Jeannette Geigel and a solo, "Because", by Anne. Music for dancing was played by Al Lord's orchestra.

A buffet supper was served during the evening's festivities.

Mr. and Mrs. Auskises were presented with silver anniversary gifts and they also received many cards and other messages of congratulation.

The couple was married in St. Patrick's Church by the late Father Mockler. They have two daughters, Miss Marilyn Auskises and Mrs. Joseph Bieringer, the former Patricia Auskises, who came from Milwaukee for the observance.

Other out of town guests included Mr. Bieringer and Mr. and Mrs. Martin Nowrocki, Peter Nowrocki and Mrs. Harry Rapp of Chicago.

Missing Ransom Inquiry Stalled

ST. LOUIS (AP)—The president of the St. Louis Police Board has indicated it may be some time before the board completes its inquiry into the missing \$300,000 Greenlease ransom money.

I. A. Long, board president, told newsmen Sunday night he would "not make a guess" as to when the investigation, which began Oct. 18, would be ended. Nor did he indicate an early report when he was questioned about the board's promised public statement in the matter.

Scores of witnesses, including patrolman Elmer Dolan and resigned Lt. Louis Shoulders—who arrested kidnap-killer Carl Austin Hall, have been questioned by top police officials in the inquiry.

In his confession, Hall said he had an estimated \$592,000 of the ransom when they nabbed Hall in a St. Louis apartment-hotel Oct. 6.

The board ordered the inquiry after reports of alleged discrepancies in police records of the arrest and recovery of the money.

Hall and his accomplice, Bonnie Brown Heady, have been sentenced to die in the Missouri gas chamber Dec. 18 for the kidnap-slaying of 6-year-old Bobby Greenlease.

Eskimo laborers were hired by the U. S. Fish and Wildlife Service to process government-owned sealskins for the first time in April, 1953.

Rock

ROCK—Many of the hunters in the Rock area are returning home immediately after getting their buck on account of the warm weather. All the cold storage space in the neighboring towns has been taken up and those coming from long distances are anxious to have the meat taken care of at the earliest possible moment.

Andy Carlton of Chicago returned home on Wednesday after bagging his buck while hunting at the Martin Kaminen camp.

Alden Grill of Menominee filled his deer license while hunting at Larson camp at Osier.

Hunting guests at the Steve Rabideau home have returned to Detroit after hunting in the North Rock area. Steve Lukas bagged a 6 point buck and Joe Lukas also shot a 6-point buck. Bobby, son of Steve Lukas, was also a member of the hunting party.

Butch Tapola and John Selin are lucky hunters at the John Selin Camp.

Waino Salmi brought his buck back after hunting at Herb Westlund's camp west of McFarland.

Martin Kaminen downed his buck while hunting at his camp at Stack.

Mr. and Mrs. Joe Wolf have returned to Traverse City after Mr. Wolf filled his hunting license last week.

Otto Kolar of Drayton Plains bagged his spike horn buck while a guest at the Ernie Fosterling home.

Leo Korpi of Detroit visited

with Mrs. Victor Korpi and hunted at the Roy Johnson Camp.

Mr. and Mrs. Don Martin, Ecorse, are visiting with Mr. and Mrs. Kenneth Maki and hunting around that area.

Mrs. Reino Jokinen, and sons, Detroit, are visiting with Mr. and Mrs. Jacob Jokinen.

Mrs. John Korvela and son-in-law, Bill Maki, Detroit, are visiting at the Fred Seppanen home.

Mrs. John Kujala has returned home from the St. Francis Hospital.

Oscar Neimi has been discharged from the St. Francis Hospital and has returned home.

The Rock schools will be closed Thursday and Friday, Nov. 26 and 27, for the Thanksgiving holiday.

A safety program in Escanaba was attended by four students from the Rock High School, Roger

Ineligible Athletes To Be Reinstated In 'Few Days'

LANSING (P)—Ten Michigan high school students who lost their athletic eligibility this year for accepting merchandise awards will be restored to full eligibility within a few days.

That was promised by Dr. Clair L. Taylor, state superintendent of public instruction, after he overruled his 18-man advisory committee and announced he planned to cut the minimum penalty for violating the athletic "awards" rule to three months. It has been one year.

Suspension of the 10 athletes at Hastings, Escanaba, St. Clair and Menominee last summer created a hot high school issue. It erupted

would become the maximum penalty and would be hard to apply to the differing lengths of the various sports seasons.

Can Adjust Penalty

John Rose of Lansing, representing the Junior Chamber of Commerce, and two legislators recently added to the committee argued the lower minimum would permit adjusting the penalty to the seriousness of the individual violations. The legislators were Sen. Edward Hutchinson (R-Fennville) and Rep. Harry J. Phillips (R-Port Huron).

The educator - members of the committee were angered that the

new rule requires the penalty to be imposed on recommendation of the High School Athletic Association's representative council.

They said that would necessitate assembling the 13-man council monthly. The recommendations previously have been made by the four-man executive council between sessions of the big council.

The virtually unchanged awards rule, in brief, forbids a high school athlete to accept anything from anybody, except a trophy. This is defined as a regular school letter award, medal, ribbon, badge, plaque, cup, banner, picture or ring costing not more than \$3.

READY TO GO

The two Escanaba boys affected by the ineligibility ruling, David Hira of St. Joe and Bill LeMire of Escanaba High, have been working out with their basketball teams this fall. Both of them are lettermen and are expected to see action with their squads as soon as the ineligibility ruling is lifted.

into the Capitol when a legislative committee suspended the rule under which the athletes were suspended.

Rule Practically Same

Dr. Taylor's advisory committee rewrote the awards rule again Monday for the second time without changing the meaning from the rule suspended by the Legislature.

But when Dr. Taylor asked it to recommend the three-month minimum penalty, the committee balked by an 8-7 vote.

Dr. Taylor announced he would promulgate the new rule anyway. Later, with one opponent absent and another not voting, the committee ended the new rule 7-6.

Overruling the committee, Dr. Taylor said "I'm sorry it (the new rule) didn't pass because I think I am in a position to look at both sides of this question. I believe the three months minimum will work. If not, we will have opportunity to change it later."

He told reporters he thought the 10 boys "have been penalized enough because of all this publicity and more than if they had served their full year's suspension."

The committee did not object to relaxing the penalty on the 10 boys.

Dr. Taylor said he would submit the new rule to the attorney general and governor and expected approval "within a few days."

He said he hoped to reinstate the youths by Dec. 1.

Seven of the eight educators present and Billy Wickens, state commander of the American Legion, voted against Dr. Taylor's rule.

Sherman Corvett, principal of Grand Rapids South High, called the reduced penalty rule a "kick in the pants for the school people who have run this athletic system pretty well for 25 years."

Schoolmen argued it would open the door to excessive leniency.

GLOBETROTTER GUARD — Sam Wheeler of Little Rock, Ark., a guard who stands 5'11½", is a member of the famous Harlem Globetrotter team which will clash with former Manistique All Stars at the Manistique High School gymnasium Nov. 29. The Manistique Merchants, fortified with former All Stars from the 1953 MHS Class B championship squad, meet "Pop" Gates' men at 8, following a game between Garden and Cooks at 7 p. m.

Bolden Most Valuable On Spartan Grid Team

EAST LANSING (P)—The Rose Bowl was on everyone's mind at the annual team dinner for the Michigan State football squad Monday night.

Leroy Bolden, hard-hitting little Flint junior, was presented with the Governor of Michigan Award given annually to the player voted "most valuable" by his teammates.

Bolden was leading scorer with eight touchdowns and the best MSC ground-gainer with a net of 691

yards.

Name Captain Later

"I'll make me work even harder next year," Bolden said.

"Next year starts on New Year's Day," Coach Biggie Munn reminded him.

The team captain for next season will not be elected until after the Rose Bowl game with UCLA, Munn said.

"You'll be representing not only Michigan State but also the Big Ten and the entire Midwest in that game," Munn told his players.

Munn said he had not yet received the Western Conference scouting reports on UCLA. "I watched them on television though," he said, "and they'll be a hard team to beat."

Head West Dec. 14

Tentative plans call for Michigan State to start heading West around Dec. 14. The Spartans will set up a practice camp somewhere—Arizona was mentioned—for early practices, Munn said.

Munn said he understood he was allowed 16 practices and that weather would probably influence where they would be held.

The Oil Can Award for the team humorist went to tackle Larry Fowler of Lansing. Don Schieswohl, Saginaw guard, received a special award of a green and white vest as the "fastest" lineman in the daily practice "wind sprints."

The new contract was for one year, a Dodge policy.

Walter Emmons Alston, who won a pennant as manager of St. Paul in the American Assn., went to Montreal in 1950. He has been in the Brooklyn farm system for 8½ years.

Alston who was born Dec. 1, 1911, got his first managing chore at Portsmouth, Ohio, in 1940, from Branch Rickey, former Dodgers president. He now lives at Oxford, Ohio.

It is interesting that Alston broke in as a player for Clay Hopper at Greenwood, Miss., Hopper's home town, in 1935.

Hopper is now manager at St. Paul in the Dodge system.

Lions Get Break In Three-Way Title Tie

PHILADELPHIA (P)—National Football League officials will give the Detroit Lions some benefit of the doubt in case of a three-way tie for the NFL's Western Conference title.

In the event of a triple tie, the Lions would draw a bye while the San Francisco 49ers battled it out with the Los Angeles Rams at Los Angeles Dec. 20 to decide which club would play Detroit for the championship.

The Lions won the NFL title last year. If the 49ers should win a preliminary playoff, the Detroit-49ers game would be played in San Francisco Dec. 27. In the event of a Rams victory, the game would be played in Detroit Dec. 27.

In This Corner

With Ray Crandall

Escanaba parlayed cool ball handling and accurate shooting into the first upset of the infant basketball season when they tripped the St. Joe Trojans 41-32 here Saturday night . . . The St. Joe defending Class C U. P. champions had the edge in both height and experience going into the game . . . But the Eskymos shrugged off their disadvantage and played a determined, deliberate style of ball to post the upset victory.

Trojans Dick Cass and John Berrigan controlled rebounds early in the game, but the tide turned shortly before the half and throughout the final two periods it was Escanaba that pulled down the majority of the rebounds . . . St. Joe players were far off form in their shooting and missed time and again from under the basket . . . The Eskymos shot less but made the attempts pay off . . . Coach Buck Gustafson says the Eskymos hit on 37 percent of their shots from the field . . . And from the free throw line they clicked on 45 percent while the Trojans were making only 32.

The Eskymos got good use of their reserves against St. Joe . . . Gustafson called on Bill Savard, a senior out for basketball for the first time this year, as a first line reserve in the second half and he came through with seven points . . . John Dulek, junior guard, contributed six points for the Eskymos . . . Three St. Joe reserves failed to score a point.

In all fairness, it is necessary to mention the new glass backboards . . . It is difficult to say just what effect the new boards and baskets had on St. Joe's shooting Saturday night, but it is almost certain that the boards caused some of the Trojans' difficulty . . . However, the other phases of the St. Joe game were far from perfect and the new boards had nothing to do with dribbling, passing and play-making.

Most fans went to the game expecting to see a superior St. Joe team in action . . . A great deal of credit must be given to the Eskymos who played the type of game which gave them their best chance for victory . . . There is little question that St. Joe possesses fine basketball personnel this year . . . Although they were far off their championship form last Saturday, the Trojans are certain to jell into powerful threat before many games are played.

Giel, Ameche, Jacoby Back On All-Big Ten

CHICAGO (P)—Big Ten coaches paid high tribute to Minnesota halfback Paul Giel today by placing him on the 1953 Associated Press all-Big Ten football team for the third straight year.

The 185-pound senior, a perfect double-duty performer under the new limited substitution rule, was the only unanimous choice, polling the maximum of 20 points.

In addition to Giel, who handled the ball on passes or runs 232

times for a Big Ten record, fullback Alan Ameche of Wisconsin and tackle George Jacoby of Ohio State were holdovers from 1952.

Rose Bowl - bound Michigan State, Illinois, the other co-champion, and the surprising Iowa Hawkeyes each gained two spots on the No. 1 team, Michigan, Ohio State, Purdue, Minnesota and Wisconsin each landed one.

Bolden Lands Berth

With Giel and the 205-pound Ameche in the backfield are Michigan State's leading scorer and ground - gainer, 160-pound LeRoy Bolden; and Illinois' J. C. Caroline, the conference's record - breaking ball carrier and nation's leading rusher with 1,256 yards in 148 trips.

Caroline was one of two sophomores to make the team. The other was Calvin Jones of Iowa, 210-pound guard who was moved to tackle to make room for Jan Smid of Illinois. Guard Smid's hard charging and blocking ability was

Broncos Open Season At St. Joe Wednesday

The St. Joe Trojans will return to action against Bark River's Broncos in the first home showing of the new basketball season Wednesday night at 8:30.

The game is a Bark River home game which has been transferred to the St. Joe gymnasium. Officials will be Ray Ranguette of Manistique and Dick Schram of Escanaba. Bee teams of the two schools will meet in a preliminary game at 7.

Bark River will be playing its first game of the season and the game will mark the debut of Tom Janssen as Bark River basketball coach.

Five Lettermen

Janssen today listed five lettermen starters with Dick Shepherd at center, Jim LaVigne and Florian Bartoszek at forwards, Bill Good and Wayne Erickson at guards.

In reserve for the Broncos will be Pete Kasbohm, Don McInnis, Ronald DeMarse and Norman Goedart.

"Our big problem is lack of height on the squad," Janssen said. "Erickson is our tallest boy at 6-1 and Shepherd is an even six-feet."

St. Joe coach Tom St. Germain, whose charges lost their opener to Escanaba last Saturday night, is far from pleased with the showing of his Trojans in practice. He worked the squad in various combinations yesterday in an effort to iron out the wrinkles on both offense and defense.

Although he hasn't selected his starters as yet, St. Germain is sure to use the starting five of last week some time in the game. That was Dick Cass and John Berrigan at forwards, Dick Bryson at center, Jim Zimmerman and Jerry McDonough at guards. In practice St. Germain has had

Bill Maycunich and Bill Lancour at guards and Bob Rademacher at center.

* Other Trojans available for action are Jim Weber, Gary Paler and Mike Venne.

St. Joe is defending Upper Peninsula champion in Class C. Bark River is a member of the U. P. Central League.

Seven Central League Teams To See Action

This week's basketball schedule, abbreviated by the Thanksgiving holiday, will see most of the area teams in action with the U. P. Central League sending seven of its eight members to the post.

Perkins, defending champion, invades Nahma tonight in a key game while Trenary invades Eben. Gladstone also makes its first start of the season against an alumni team.

On Wednesday Cooks will be at Rapid River in a game which could well shape the Central

League title chase. Bark River will be at St. Joe in a non-conference contest.

Hermansville plays host to Florence Friday and on Saturday the Escanaba Eskymos seek their second straight victory at Marinette.

This week's complete schedule:

Tuesday
Alumni at Gladstone
Hancock at Laurium Sacred Heart
Negaunee at Ironwood
Marquette at Munising
Houghton at Baraga
Ontonagon at L'Anse
Painesdale at Dollar Bay
Soo Loretto at St. Ignace
Brimley at Rudyard
Cedarville at Pickford
Sault Ste. Marie at DeTour
Trenary at Eben
Felch at Negaunee St. Paul
Gwinn at Republic
Alpha at Vulcan
Bates at Marquette
Perkins at Nahma

Wednesday
Stambaugh at Ishpeming
Menominee at Shawano, Wis.
Negaunee at Bessemer
Bark River at Escanaba St. Joseph
Lake Linden at Calumet
Wakfield at Ironwood St. Ambrose

Friday
Cheboygan at Newberry
Florence, Wis. at Hermansville
Saturday
Escanaba at Marinette, Wis.

Alston Of Montreal New Dodger Manager

BROOKLYN (P)—Walter (Wally) Alston, manager of the Montreal Royals of the International League, was appointed manager of the Brooklyn Dodgers today.

Alston, 42, succeeds Chuck Dressen, who surprised the baseball world Oct. 14 by resigning shortly after he had piloted the Dodgers to a second National League pennant

Today Final Day Of Duck Hunting Season

LANSING (P)—Today is the last day for hunting ducks, geese and other waterfowl in Michigan, and the long Indian summer has seriously held down the kill.

Conservation Department observers reported that the mild, pleasant fall was ruinous for waterfowl hunters.

The migrating birds need cold, blustery weather to send them into the marsh edges for shelter, and also into the hunters' guns.

In good weather, waterfowl "raft up" in open water and are virtually impossible to get at.

Observations show there has been no lack of ducks, but the bad hunting conditions have held down the take.

Sports Briefs

Arthur Gilcreast, newly appointed freshman crew coach at Yale, was the mentor of the Eli's 150-pound crew last season while an undergraduate.

Carl Karilivacz, Detroit Lions' defensive halfback, was the "find" of the year for the defending champions. Karilivacz was the Lions' 23rd draft choice. In 1952, Detroit enjoyed similar success by drafting regular defensive halfback Jim David as the 22nd choice.

Army Mules, Navy's Goat Are Under Arms

ANNAPOLIS, Md. (P)—The Navy's goat, like the Army's mules, was under special guard today to prevent a repeat of his kidnapping as the Saturday clash between the two service academies drew near.

Billy XII, Navy's mascot, was returned from West Point Monday night, less than 24 hours after it showed up at a cadet meal formation.

There were indications the order for Billy's return came from the Department of Defense or perhaps even the White House.

Bernard Baruch, elder statesman who was visiting West Point when Billy was unveiled there, carried a report of the affair to President Eisenhower in Washington.

Feels Like Ass

Billy was accompanied on the seven-hour truck ride back to the Naval Academy by Lt. Col. George W. McIntyre of Binghamton, N.Y., the adjutant at West Point, who admitted to feeling "like a bit of an ass."

Instead of returning Billy to his regular shed under Thompson Stadium, from which he was spirited sometime early Sunday, the mid-

dies put the old goat up in a storeroom of Bancroft Hall, their dormitory.

Midshipman Clyde E. Dean of Little Rock, Ark., brigade commander, said a round-the-clock guard was posted.

At West Point, the cadets also were reported to have doubled the guard on Poncho and Hannibal, their mule mascots.

Both Sides Mum

Officially, neither the Army nor the Navy admitted the goat was kidnapped.

Vice Adm. C. Turner Joy, superintendent of the Naval Academy, said some lost cadets—the Army soccer team was here over the weekend—stopped to ask the goat directions and he led them back to West Point.

The Army, while "applauding the exploit resulting in the unofficial visit of Billy the 12th at West Point," declined comment in the "interest of continuing good inter-service and inter-academy relations."

Newsom Retires From Baseball

ORLANDO, Fla. (P)—Louis Norman (Bobo) Newsom, patriarch of the pitcher's mound, has retired from baseball after 26 years.

Newsom announced at his home Monday that he had asked for and received his retirement from the Philadelphia Athletics.

Ol' Bobo, now 46 years old, started his career with Raleigh, N. C., in 1928 and joined the Brooklyn Dodgers the following season. During his long stay in the majors, he pitched for six American and three National league clubs. He was with the Washington Senators five different times.

He won 20 games for the lowly St. Louis Browns in 1937 and compiled a 21-5 record with the Detroit Tigers in 1940 when they won the pennant. His lifetime major league record is 211 victories and 227 defeats. Up to the 1958 season he had walked 1,708 batters, an all-time record.

Traditionally Sure

Thanksgiving toasts are an old American tradition. This week, more of those toasts will be pledged with Seagram's 7 Crown than any other whiskey. The reason... 7 Crown is the all-American favorite!

Say Seagram's and be Sure

Seagram's 7 Crown. Blended Whiskey. 86.8 Proof. 65% Grain Neutral Spirits. Seagram-Distillers Corp., N.Y.

Irish Acting May Be Cause For New Rule

NEW YORK (AP)—Notre Dame caused the "sucker shift" to be outlawed last year and indications today were that the Irish were going to force the rulemakers to wipe "acting" off the books.

In the wake of Notre Dame's 14-14 tie with Iowa last Saturday, officials and coaches had plenty to say about the tactics of forcing the clock to be stopped with seconds remaining in both the first and second halves because of injuries.

If a player is hurt, the clock automatically is stopped. Frank Leahy's boys used this maneuver twice against Iowa. The players who complained of injuries seemed to suffer no ill-effects later.

Coach Lou Little of Columbia, chairman of the Coaches' Rules Committee, commented:

"Should Change Rule"

"It's being done and has been done for years. Generally it doesn't pay off, but this time it did. I don't think Notre Dame should be criticized. We should change the rule to cover the situation, and if a new rule is impossible we should change the code of ethics."

"I don't think a referee has the right to decide if a player claiming injury is hurt."

Both times the Irish stopped the clock through the injured player times out, they came back to score touchdowns to tie the score.

Kenneth I. (Tug) Wilson, commissioner of the Big Ten, echoed Little's sentiments regarding the referee, as did Asa Bushnell, commissioner of the powerful Eastern Collegiate Athletic Conference.

"An official is not a doctor," said Wilson. "He has to take such matters in good faith."

Said Bushnell:

"A referee may know he's being fooled, but he can't take a chance when a player claims he's hurt."

Frown On Faking

The New York Daily News contacted Michigan's Fritz Crisler, chairman of the National Collegiate Athletic Assn. rules body at Ann Arbor, Mich.

He declined to comment on the Notre Dame ethics but said the NCAA would be brought before the NCAA committee.

"It is the intent of the Rules Committee to frown on the faking of injury and to consider it a violation of the spirit of the rules," he said.

He added that one sure way to stop phony injuries would be to keep the clock going under all conditions.

"But," he said, "that would work an injustice on a boy who really was hurt."

Notre Dame found a defender in Sec. Taylor, sports editor of the Des Moines Register and a former president of the Football Writers Assn. of America.

Would Do Same Thing

"Under similar circumstances Iowa players undoubtedly would have pretended they were hurt in order to conserve precious playing time," he wrote. "The Irish players were only using their heads."

and it paid off."

"Painting Irish," instead of Fighting Irish was the tag hung on Notre Dame by Gus Schrader, sports editor of the Cedar Rapids Gazette.

Coach Forest Evashevski of Iowa told a television audience that the Big Ten coaches have a gentlemen's agreement that players don't go down unless they are hurt. Otherwise he did not comment on the situation to the TV audience.

Earlier, though, he turned poet on the campus, while accepting the accolades of the student body.

To the old adage, "when the Great Scorer comes to write against our name, he won't write whether we won or lost," Evashevski added:

"But how come we got gyped at Notre Dame?"

Maryland Takes No. 1 College Grid Position

NEW YORK (AP)—Maryland, the only undefeated, untied major college football team in the country, took over first place in the weekly Associated Press poll. Sports writers and sportscasters gave the Terrapins 2,347 votes to 2,009 for second-place Notre Dame.

The Irish had been No. 1 in the AP's preseason poll and in all subsequent AP polls until they were held to a 14-14 tie by Iowa Saturday.

Maryland, which finished its 10-game season by routing Alabama 21-0, picked up 154 first-place votes of the 254 ballots cast.

Notre Dame, which now shows a 7-0 record, gained 47 first-place votes. The Irish still must play Southern California and Southern Methodist.

The rest of the top five remained the same as last week. In order, they were Michigan State, Oklahoma and UCLA. Illinois moved up from seventh to sixth while Texas dropped to seventh.

The biggest jump, as might be expected was made by Iowa, which climbed from 20th to No. 9. Rice took over No. 8 and Georgia Tech, which will play in the Sugar Bowl, No. 10.

Wisconsin, after a 21-21 tie with Minnesota, and Southern California, defeated by UCLA, fell from the top 10.

The top 10 (first-place votes in parentheses):

1. Maryland (154)	2,347
2. Notre Dame (47)	2,009
3. Michigan State (8)	1,797
4. Oklahoma (9)	1,553
5. UCLA (4)	1,440
6. Illinois	1,111
7. Texas	671
8. Rice	490
9. Iowa (6)	453
10. Georgia Tech	415

The second ten: West Virginia, Wisconsin, Kentucky, Texas Tech, South Carolina, Auburn, Baylor, Army, Stanford, Southern California.

At 2/3 Mark In Drive For Fund

Gladstone has reached the two-thirds mark on its way toward the \$4,500 quota set for this city in the current Community Chest Drive. LeRoy Hamilton, Gladstone chairman, said yesterday and he expressed confidence that this city would reach or exceed its goal by the end of the month.

The local chairman said that the deer hunting season had practically brought the drive to a temporary halt but now that the first week was over he expressed the belief that the drive would be resumed with vigor.

Hamilton said that as to date no reports have been received from block canvassers who are checking on residential areas and several industries are still to be heard from.

"We're getting back to work where we left off and within a week I fully expect to be able to report that Gladstone is over the top," the local chairman stated.

City Briefs

Roger Hoskins has returned to Detroit after spending a week visiting his grandparents, Mr. and Mrs. David LaBumbard, and brother and sister, Allan and Patsy Hoskins, who make their home with their grandparents. While here Roger did a little deer hunting.

Mrs. Harvey Carlson has returned from Milwaukee and Waukesha where she spent the past week.

Following a two weeks visit with her son-in-law and daughter, Mr. and Mrs. William Green at Fort Wayne, Ind., Mrs. William C. Miller has returned to her home in Gladstone.

Miss Melanie Carlson and Miss Dorothy Noskey are arriving Wednesday night from Milwaukee to visit at their parental homes.

Art Williamson, who has been visiting in this area and deer hunting for a week, left Monday morning to return to his home at Muskegon Heights, Mich. He was accompanied by Otto Haberman who has been visiting with friends here and who will make an extended visit at the Williamson home.

Mary Ann Hoffmann, student at Northern Michigan College of Education, Marquette, was a weekend visitor at her parental home with Rev. and Mrs. Theophil Hoffmann.

Rev. and Mrs. Fred W. Kuecht left Monday for Rockford, Mich., to visit with his parents for a few days. They will return to Gladstone on Friday.

Mr. and Mrs. Truman Church, Green Bay, were weekend visitors at the home of Mr. and Mrs. John Skradski.

Miss Ann Sword and Miss Marilyn Vandeweghe, students at the NMCE, Marquette, spent the weekend at their parental homes.

Mr. and Mrs. Louis Bartol, Milwaukee, are visiting with her parents, Mr. and Mrs. Tony Rose and with his parents in Traunk.

Mrs. Bartol is the former Margaret Rose.

Mr. and Mrs. William Sepic left Monday night for Rochester, Minn. where Mrs. Sepic will go through the Mayo Clinic.

Mr. and Mrs. Layman Dunn and three sons, Port Huron, are spending the week visiting with her parents, Mr. and Mrs. John Broekaert.

Mr. and Mrs. Herman Alworden have returned to their home in Cadillac after a week's visit here with relatives. Mr. Alworden did some deer hunting while here and hunted at the camp of his nephew, Clyde Alworden.

Mr. and Mrs. W. C. Miller are leaving tonight for Minneapolis to visit with their son-in-law and daughter, Mr. and Mrs. William Rajala and daughter Terry.

Mr. and Mrs. Robert Axelsson and their guests, Mr. and Mrs. Emil Nelson, Detroit, have returned from the Axelsson camp near Norway where they hunted for a week. Mrs. Nelson was successful in filling her license when she shot a spike horn and Mr. Nelson shot a 10 pointer.

Mr. and Mrs. Wilfred Gorman, son Virgil and Peter VanHaelet, Iron Mountain, visited Sunday with Miss Eva Anderson.

Mr. and Mrs. Lester Evans returned to Chicago Sunday after a week's visit with her parents, Mr. and Mrs. Isaac Swanson. Mr. Evans did some deer hunting while here and was successful in getting an 8 point, 170-pound buck. Mrs. Evans is the former Gloria Swanson.

Miss Jean Miller Education Chairman

Miss Jean Miller has been named as education chairman of the Delta County Unit of the American Cancer Society, not as county chairman of the society, as was carried in a story in the Press yesterday.

Card Party Nets \$72 For Hospital

Net proceeds of the card party held Nov. 16 at the City Hall for the benefit of the Gladstone Community Hospital Fund was \$72.00, it is announced by Mrs. Herb Lundmark, chairman.

This amount included monies turned in by persons who sponsored tables but played at home and others who wished to donate and included Mrs. Sheldon Noggle, Mrs. E. A. Christie, Mrs. Rose Louis, Mrs. Fred Siebert, Miss Margaret Sampson, Mrs. Rene Maskart, Mrs. John Maga, Mrs. Earl Lanthier, Mrs. Tom Bolger, Miss Jean Miller, Mrs. Ann Haga, Miss Jean Watson and Arvid Ellingson.

The next of the series of benefit parties will be held on January 18 and anyone interested in sponsoring a table or helping at the party may call Mrs. Lundmark, Mrs. Bolger or Miss Watson.

Obituary

MRS. ALMEDA TUPPER

Funeral services for Mrs. Almeda Tupper were held at 9 Monday morning at All Saints' Catholic church with Rev. Fr. Matt LaViolette saying the Requiem. The student choir sang the music of the Mass.

Palbearers were Claude Brodene, Carl Johnson, Irvin DuRoy, Frank Sirola, Joseph Lucier and Earl Alm.

Burial was made in Fernwood cemetery.

Out of town persons attending the services were, Mr. and Mrs.

Thanksgiving Program At GHS

A Thanksgiving program will be presented at an assembly of Junior and Senior High students at Gladstone High School Wednesday morning at 11, it is learned from Supt. Wallace C. Cameron.

Schools will close at noon for Thanksgiving vacation and will reopen next Monday.

Duane Peterson as program chairman for the Student Council, sponsors of the event, will preside.

Rev. Clifford Peterson, pastor of the First Lutheran church, will deliver the Thanksgiving talk.

Other numbers of the program include group singing of Thanksgiving songs and hymns, a Thanksgiving reading by Mary Beth Hult and a selection "Whistling Joe" by a woodwind quintet composed of Jane Jandro, Louise Klug, Lois Mattson, Marie Pettit and Joyce Stowe.

Junior High Choir Will Be Organized

A choir composed of junior high school students will be organized at the First Lutheran church at a meeting scheduled for Wednesday evening at 6:30, it is announced by Mrs. Clifford Peterson, choir director.

Richard Tupper and Mr. and Mrs. Jim Simms, Dyer, Ind., Mr. and Mrs. Everett Tupper, Pueblo, Colo., Mr. and Mrs. Orville Tupper, Muskegon; Mr. and Mrs. William Moloney, Mr. and Mrs. Emory Moloney and John Norman, Stiles, Wis., Mr. and Mrs. Wayne Moloney, Crivitz, Wis., Mr. and Mrs. Addison Moloney and daughter Sharon, Mr. and Mrs. Steve Moloney, and Mr. and Mrs. Elmer D. Dahn, Milwaukee; Mr. and Mrs. Clayton Robinson, Mr. and Mrs. Donald Alexander and Mr. and Mrs. Edsel Robinson, Newberry; Mrs. Mae Needham, Escanaba.

Briefly Told

Church Choir—The choir of the First Lutheran church will meet Wednesday night at 7:30 for rehearsal.

Novena Services—Services in the Perpetual Help Novena will be held at All Saints' Catholic Church at 7:30 Wednesday evening.

Explorer Scouts—The Explorer unit of Boy Scout Troop 467 will meet Wednesday evening at 7 at the office of Dr. B. H. Skellenger.

Prayer Meeting—Weekly prayer service will be held in the Reorganized Latter Day Saints' Church at 7:30 Wednesday night.

Prayer Service—The regular weekly prayer service will be held at 7:30 Wednesday evening at the Bethel Evangelical Free Church.

Choir Rehearsal—The choir of the Memorial Methodist Church will meet at 7 Wednesday evening for rehearsal.

Wasa Order—A regular meeting of the Wasa Order is scheduled for Wednesday evening at 8 at the home of Erick Newman, Superior Ave., and 5th St.

Home Ec—Members of the Minnecan Home Ec Club will meet at 7:30 tonight at the home of Mrs. Milton Findlay, 1110 Dakota Ave. The lesson will be on "Shopping."

Evening Service—A mid-week service for members of the Free

ESCANABA DAILY PRESS
Tuesday, November 24, 1953—13

Methodist Church will be held at 8 Wednesday evening at the home of Mrs. Howard Caron, 1410 Wisconsin Ave.

No Service—No services will be held Thanksgiving Day in the Reorganized Latter Day Saints' Church as the congregation has been invited to attend union services being held in the First Lutheran Church Thursday morning.

Bandits Get \$900

NILES (AP)—Two masked bandits held up Mrs. Paul Hass at her summer resort five miles east of Niles Sunday, taking about \$900 from her and a caretaker, Edward Rabbit.

About two out of every one hundred persons in the United States who are over 40 years old have glaucoma, the disease which causes blindness by increasing the pressure of the fluid inside the eye.

Weak, Tired, Nervous, Peppless Men, Women

Get New Vitality, Vigor, Vitality! Say good-bye to those weak, always tired feelings or nervousness due just to blood's lack of iron. Get up fresh, be peppy all day, have plenty of vitality left over by evening. Oxy-Tonic contains iron for blood plus supplement doses vitamins B₁ and B₂. Trial size (7 days) costs little. Giardello Wins Rugged Ring Brawl In Brooklyn

BROOKLYN (AP)—Bob Christenberry has mellowed in the two years since he took over as chairman of the New York State Athletic Commission. Otherwise middleweight Joey Giardello of Philadelphia and Tuzo (Kid) Portugez would be under suspension today for their rough-house brawl at the Eastern Parkway Arena Monday night.

Giardello, the No. 3 middleweight contender, won the telecast 10-round by unanimous decision in a scrap marred by continuous fouling. Practically every rule in the book was broken.

Each fighter was penalized a round—Portugez the fourth for butting and low blows and Giardello the ninth for low blows—but the only person suspended was Jack Friday. Friday climbed onto the apron of the ring during the wild fourth round and was suspended on the spot and barred

from the corner by Christenberry. In the hectic fourth round, Portugez, a 3 - 1 underdog, was warned by Referee Ruby Goldstein about butting. After the warning, Giardello stormed after Portugez. He kicked and kneed the Costa Rican. Goldstein called time and warned the fighters to behave or they would be tossed out.

Giardello weighed 160, Portugez 161.

Stanford Halfback Ends Draft Battle

SAN FRANCISCO (AP)—Stanford halfback Allen Napoleon ended the controversy over his draft status by going into the Army Monday. Napoleon, who scored the winning touchdown in Stanford's 21-20 upset defeat of UCLA last month, reported for induction, quickly passed mental and physical tests and was sent with other draftees to Ft. Ord, Calif.

U.S. Attorney Lloyd Burke said the U.S. attorney's office in Honolulu would drop its draft evasion against the reserve halfback.

Sees Battle Of Platoon Units

WEST POINT, N. Y. (AP)—Army Coach Earl Blaik, whose football team plays Navy Saturday, says the traditional service battle will be a contest between the one-platoon Cadets and the two-unit Middies.

"Navy's been playing two full teams most of the year," said Blaik, a staunch advocate of two-platoon football. "We can't do it. We tried that and in every game but one the other team scored right after we put in the second team. We've got a very limited group who have had to carry the load for us."

He said Navy has more overall backfield speed, a fine line and a good pass defense.

"What people seem to forget is that they still have the defenders we couldn't budge a year ago," he added.

Army hasn't won since its decisive 38-0 victory in 1949.

Howard P. Glover of San Francisco bowled 30 spares in a row during a summer tournament in 1944.

Georgia Tech Named Sugar Bowl Choice

NEW ORLEANS (AP)—The Sugar Bowl today looked for an opponent for Georgia Tech in the New Year's Day football game after apparently snapping the colorful Engineers from the waiting arms of the Cotton Bowl.

Tech, the 10th-ranking team in the Associated Press poll, accepted the invitation Monday night at the Cotton Bowl selection committee was meeting in Dallas, reportedly ready to pick Tech.

Speculation on Tech's opponent had Texas Tech and West Virginia on the inside track.

Texas Tech, the nation's highest scoring major team, added to its chances Saturday by walloping Houston 41-21 a week after Houston had whipped highly ranked Baylor 37-7.

Mossadeh May Talk For Month

TEHRAN, Iran (AP)—Ex-Premier Mohammed Mossadeh said he had changed his mind and would speak in his own defense. He added he would keep on speaking until the court-martial trying him on treason charges gags him.

In an interview the ex-dictator declared: "I will go on speaking as long as they let me. If they give me a month, then I will speak a month."

Reminded that he earlier had told the court that he would refuse to speak in his own defense, Mossadeh grinned and declared: "That's only what I said."

Asked about reports that he already had prepared a 100-page statement, Mossadeh chuckled and said, "Certainly Dr. Mohammed Mossadeh can talk more than 100 pages in a month."

Mossadeh has been shifting his trial tactics in recent days. Formerly he buried his head on his folded arms as prosecutor Brig. Hossein Azemodh read the indictment and expanded on the charges. From time to time the 73-year-old politician nodded, yawned, and even slept.

In the last two or three days, however, he has been carefully scribbling his own notes and directing his lawyer also to make notes. His attitude has been marked by alert attention instead of disinterest and boredom.

Mossadeh said he still was uncertain whether he will call any witnesses. He declared: "I don't think I really need their help yet. I am well able to take care of myself."

COME ON, GRANDMA—Obviously enjoying the attention she's drawing, but perhaps a bit shy about it, a Chinese grandmother grins broadly as she takes part in a "Respect the Aged Day" in Taipei. Clad in a richly embroidered kimono she is led down the street by her grandson.

Docks At Marquette Record Third Best Ore Shipping Year

MARQUETTE (AP)—Marquette is assured its third best iron ore shipping season in history.

The steamer Frank Armstrong of the Picklands-Mather line left Saturday night for Cleveland with 13,535 tons, bringing the total for the year to 5,135,796 tons.

The record, set in 1941, is 5,649,000 tons. This year's total is nearly a million tons above last year's 4,139,245, when the season continued until Dec. 6.

Factories Blamed For Breakdowns Of M-47 Patton Tanks

DETROIT (AP)—An Army spokesman blamed failure of a "number of manufacturers" to comply "rigidly with military specifications" for at least some of the breakdowns of M47 Patton tanks in Europe.

Civilian and military engineers met here, meanwhile, to attempt among other things to pin-point blame for gear failures in the final drive assembly of the M47s. Production has been halted.

Lt. Col. Thomas A. Rice, of the Army's Ordnance Tank—Automotive Center here, was the spokesman who told newsmen "a number of manufacturers have failed to comply rigidly with military specifications."

Repairs Not Difficult

He said that in civilian production rigid compliance was not always necessary and claimed military specifications were more finely drawn than civilian ones.

While the engineers' meeting today will have the M47 failure on its docket, Rice emphasized that it would not be the only ordnance problem discussed.

He said civilian engineers in the center's Products Corrections Section troubleshoot on many problems involved in the making of vehicles "in constant production."

Rice said the failure of the gears did not cripple the tanks entirely, or mean that they were incapable of fighting. Ordnance units at the base level can make necessary repairs, he said.

All Army Inspected

The American Locomotive Co. said Saturday that reports of the trouble had brought the voluntary

shutdown of company plants in Auburn and Schenectady, N. Y. Chrysler Corp. spokesmen said that the reported defect would not affect production at the company's Detroit Tank Arsenal. Production of M47s ended there Nov. 11, and he said the company is working on a more advanced model.

An ALCO spokesman said failures showed up "after considerable service life." He added that the company had made the drive mechanisms according to Army design; they had been open to full Army inspection.

Ohio County To Have Own Mounties

MANSFIELD, Ohio (AP)—In case of emergency, Richland County Sheriff E. P. Long will be able to round up his posse in a hurry. A troop of uniformed horsemen is being organized. The horsemen will form part of the county's home defense program, the sheriff said.

The troop is to provide its own mounts and uniforms. It will stage regular drill periods under its director, a local horseman named Roy Rogers.

Toes Make Fingers

LONDON (AP)—Terry McNamara, born 16 years ago without fingers on his left hand, now has a complete set—made from the toes of his left foot. A series of grafting operations to give the boy a useful hand began five years ago.

Audience Supplies Lights; Show Goes On

CHICAGO (AP)—The audience kept alive "the show must go on" tradition Saturday night when a power failure blacked out the Playwrights Theater Club's production of "The Fields of Mali."

Producer-writer David Shepherd was urged not to give up by a playgoer who volunteered to get some flashlights. Others of the audience of 160 in the small auditorium agreed and scoured the near North Side neighborhood for flashlights and candles.

The play proceeded with candles for footlights and flashlights as spotlights.

Italy Accepts Offer For Trieste Meeting

ROME (AP)—The Italian Foreign Ministry said that Italy has agreed unconditionally to the Big Three proposal for a five-power conference on the future of disputed Trieste.

The Italian spokesman said the United States, Britain and France on Nov. 13 had suggested that Italy and Yugoslavia meet with them on Trieste and that Italy had accepted the Western suggestions "in bloc."

The details of the Western proposals have not been made public.

The national anthem of the United Kingdom is "God Save the King" and sung to the same tune as "America," a patriotic song of the United States.
